KEYWORDS:

e.g. students, employers, skills (more than one may be appropriate)

TITLE:

City of Bristol:

• PURPOSE:

Their proposal was to support the progression of BME students into Fd Early Years as there is a distinct low level of recruitment and retention of these students even though the needs in this area are great. The key objectives of this project are to:

- Work with employers e.g. in the centre of Bristol, to identify the gaps in current early years provision.
- To enhance progression opportunities for people from BME communities by assisting potential BME students in entry to HE through a bridging unit.
- To retain BME students by assessing any additional learning needs and investigating the support that is available.
- To work with BME students in achieving skills for employment in early years setting.

EXPECTED/ACTUAL COMPLETION DATE:

METHOD (please include information about the number and type of participants):

OUTCOMES OF RESEARCH (if complete):

COMPLETED RESEARCH:

How will the findings be disseminated?

Is a final report available? Yes No

If yes, where can it be found?
