

## National Research Group

### Sharing of Research Submission Form

Please complete the boxes most applicable to you with brief information about the research you wish to share (one form per piece of research).

KEYWORDS: A Levels, National Diploma, Veterinary science, Bridging curriculum  
e.g. students, employers, skills (more than one may be appropriate)

TITLE: Mapping ND Animal Management against A level Biology and Chemistry curriculum to establish top up curriculum required for entry to veterinary science

PURPOSE: To map the content of the ND Animal Management course offered in 5 land based colleges to the syllabus of the A level chemistry and biology programmes  
To establish mismatches in scientific content delivered to academic versus vocational students  
To identify the scientific principles that must be delivered to vocational students in addition to the ND Animal Management curriculum to aid admission to veterinary science

EXPECTED COMPLETION DATE: August 2008

METHOD (please include information about the number and type of participants):  
Mapping exercise to compare ND and A level syllabus content  
Discussions with 5 land based colleges (the ELITE Consortium) to establish the additional scientific content to be delivered to map any gaps in knowledge  
Proposal for a 'top up' curriculum that bridges the identified gaps

OUTCOMES OF RESEARCH (if complete):

COMPLETED RESEARCH:

How will the findings be disseminated?

Is a final report available? Yes No

If yes, where can it be found?

CONTACT NAME: Sarah Field  
EMAIL: sfield@vetnetlln.ac.uk  
ORGANISATION: VETNET LLN

Once complete please email to: [n.hooper@hull.ac.uk](mailto:n.hooper@hull.ac.uk)

By completing this form and submitting it to the National LLN Research group you are agreeing to a synopsis of your research being placed in the **public domain** and that others may contact you (or the named person) for further details.

Once complete please email to: [n.hooper@hull.ac.uk](mailto:n.hooper@hull.ac.uk)
