

Please complete the boxes most applicable to you with brief information about the research you wish to share (one form per piece of research).

KEYWORDS: Access to HE; Access; heritage; tourism; vocational;
e.g. students, employers, skills (more than one may be appropriate)

TITLE: The Needs and Aspirations of Learners on Access Courses: a case study

PURPOSE: A report to identify the needs and aspirations of current and previous cohorts of access students which will inform new Access course development aiming to meet the requirements of the heritage and tourism sectors

EXPECTED/ACTUAL COMPLETION DATE:
May 08

METHOD (please include information about the number and type of participants):
Semi-structured interviews with current access students regarding their intentions; identification of the intended and actual progression routes of previous cohorts of access students; interviews with staff identifying their current and previous Access cohorts' aims, the extent to which they were realised, and the reasons behind success or failure.

OUTCOMES OF RESEARCH (if complete):
N/A

COMPLETED RESEARCH:
How will the findings be disseminated?
SWLLN report for staff developing or delivering Access courses (online)
SWLLN report for heritage and tourism employers (online)
Heritage and tourism employer and provider conference presentations
Advisory role in development of heritage related Access courses

Is a final report available? NO
