### Sharing of Research Submission Form

Please complete the boxes most applicable to you with brief information about the research you wish to share (one form per piece of research).

KEYWORDS: Progression, Veterinary Medicine, Employment

e.g. students, employers, skills (more than one may be appropriate)

TITLE: Progression Routes from Foundation Degrees into programmes in veterinary medicine and into employment

PURPOSE: To investigate the potential value of animal related foundation degree courses as a means of entry to professional veterinary courses  
To assess the extent to which Foundation Degree programmes meet the needs of animal related industry employers in terms of provision of scientific skills

As we've also asked for details of planned research, do we need to ask for the start date / planned start date so we know if it's actually underway yet?

EXPECTED COMPLETION DATE: August 2008

METHOD (please include information about the number and type of participants):  
Questionnaire study and interviews with selected vet schools regarding required scientific content of Foundation Degrees to enable progression to veterinary medicine  
Interviews with representatives from a range of animal industry employers to assess the extent to which Foundation Degrees supply graduates with appropriate scientific skills
