## 1 Introduction, Methodology and Structure

Manchester Enterprises (ME) was commissioned by the Greater Manchester Strategic Alliance (GMSA) in March 2007 to undertake an analysis of 2005/06 Learning and Skills Council (LSC) provision of Level 3 and above qualifications within Greater Manchester. This report is one of seven, each of which look at provision in one of the following LSC sector subject areas:

- Health, public services and care
- Agriculture, horticulture and the animal care
- Construction, planning and the built environment
- Information and Communication technology
- Retail and Commercial enterprise
- Arts, Media and Publishing
- Business, administration and the law

This report focuses on provision in the Health, public services and care sector subject area.

ME used Level 3+ supply data for qualifications delivered by Greater Manchester institutions obtained from the LSC's 2005/6 Individualised Learner Record. This data provides a detailed picture of LSC Level 3+ supply, allowing analysis by:

- course title;
- level of qualification;
- mode of delivery (e.g. full-time, part-time); and
- institution/provider.

It should be noted that there will be some cases of double counting within the data caused by learners undertaking more than one course (for example, when a student takes two or more AS Levels) although, due to the complexities of the qualifications framework, it is not possible to easily quantify the impact of this on individual skills outcomes. Further, the data excludes non-LSC funded Level 3+ data (such as that delivered via Greater Manchester's Higher Education Institutions). Therefore the report provides results which should be interpreted as being broadly indicative of current supply but not a precise measure of future skills outcomes.

The remainder of the report is structured as follows:

- **Types of qualifications offered in Health, public services and care.** This section examines which institutions had provision in Health, public services and care in 2005/6,

---

what type of provision this was (e.g. National Certificate, National Diploma, 'A' Level), and whether the mode of delivery was full-time or part-time

- **Geographical distribution of Health, public services and care provision.** This section examines the provision in terms of the number of learners, level of qualification, and institutional and geographical 'hotspots'.
- **Level 3 Qualifications offered in Health, public services and care.** This section analyses the Level 3 supply data in some detail, looking specifically at the major qualifications/courses offered in terms of the location and the mode of delivery.
- **Level 4+ Qualifications offered in Health, public services and care.** This final section analyses the Level 4+ supply data in some detail, looking specifically at the major qualifications/courses offered in terms of the location and the mode of delivery.

## 2 Results

### 2.1 Types of qualifications offered in Health, public services and care

Figure 1 (overleaf) shows that 28 institutions in Greater Manchester offer courses at Level 3 and above in Health, public services and care. The table shows provision broken down by the number in full-time and part-time learning (if no figures are shown then the institution had no provision for that qualification in 2005/06). Numbers shown in Figure 1 will not sum to those shown in Figure 2, as Figure 1 excludes records that do not constitute a full qualification (such as NVQ/GNVQ units) and records that cannot be assigned to a specific qualification outcome (such as unspecified approved external qualification).<sup>1</sup> Numbers in Figure 1 are intended for information only as they involve a certain amount of subjective judgement. Therefore, when quoting figures, wherever possible please use numbers from Figure 2 which are taken directly from the LSC's ILR.

In terms of types of qualification offered, Stockport College has the greatest variety of provision with courses leading to 12 different qualifications, followed by MANCAT which offers 11 different qualifications. The most widely offered qualification was a Level 3 Diploma (offered by 19 providers to a total of 686 full-time and 488 part-time students), followed by a National Certificate (offered by 18 providers to 322 full-time and 225 part-time students) and an NVQ Level 3 (offered by 17 providers to 436 full-time and 1989 part-time students).

---

<sup>1</sup>

*For example, records that have been excluded from this section include:*

- *Unitisation (approved external qualification) Level 3, Health, Public Services and Care (SSA 1), PW B; and*
- *Non-externally certificated FE other provision, Level 3, Health, Public Services and Care (SSA 1), PW A*

---

Definitions of the qualifications offered are as follows:

***Access Course:***

The main aim of Access programmes is to prepare adult learners from non-traditional backgrounds and under-represented groups for admission to undergraduate education. Most access courses last between six months and a year.

***Advanced VCE:***

Advanced Vocational Certificates of Education (Advanced VCEs) are qualifications which have the same value as GCEs (A-levels) but have a work-related emphasis and can also be taken as a double award.. They have replaced Advanced GNVQs (General National Vocational Qualifications) that were offered from 1992-1999.

***National Award:***

A practical, work-related course, this is the lower level BTEC or equivalent qualification. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to one 'A' level.

***National Certificate:***

A practical, work-related course, this is the mid level BTEC or equivalent qualification. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to two 'A' levels.

***National Diploma:***

A practical, work-related course, this is the higher-level BTEC or equivalent. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to three 'A' levels.

***NVQ Level 3:***

National Vocational Qualifications (NVQs) are work-related qualifications designed for progression to work in specific industries. There are five levels, ranging from Foundation Skills (Level 1) to Chartered, Professional and Senior Management Occupations (Level 5). The first three levels can be studied at 16, but the other two require more experience. NVQ Level 3 is equivalent to two 'A' levels.

***NVQ Level 4+:***

National Vocational Qualifications (NVQs) are work-related qualifications designed for progression to work in specific industries. There are five levels, ranging from Foundation Skills

---

(Level 1) to Chartered, Professional and Senior Management Occupations (Level 5). The first three levels can be studied at 16, but the other two require more experience.

***'A' Level:***

Advanced Subsidiary/Advanced Level (AS Level/'A' Level) certificates are offered in a wide variety of subjects, some of which are more vocational in nature. A full 'A' level is made up of six units: three AS units in the first year and a further three units called A2 in the second year. Most students take three or four AS subjects in the first year and carry three on as A2 subjects in the second year to gain full 'A' levels.

***Certificate (Level 3):***

A vocational qualification equivalent to NVQ level 3.

***Certificate (Level 4+):***

A vocational qualification equivalent to NVQ level 4 and above.

***Diploma (Level 3)***

A vocational qualification equivalent to NVQ level 3.

***Diploma (Level 4+)***

A vocational qualification equivalent to NVQ level 4 and above.

***Professional Diploma:***

A high-level vocational qualification designed for those already working within the subject field and who want to progress to a managerial role.

***HNC:***

Higher National Certificates (HNCs) normally take two years to complete and are the equivalent to the first year of a bachelor's degree. They are offered in many subject areas and are normally vocationally related.

***HND:***

Higher National Diplomas (HNDs) take two years to complete and are equivalent to the first two years of a bachelor degree. HND courses are more vocational than degree courses and often contain more practical work than theory. The entry requirements are different to degrees, normally requiring one A level or its equivalent.

---

***BA (Hons):***

A BA (Hons) is a primarily academic course, typically three years in length, on subjects in the arts and humanities. Although primarily academic, there is a variable but often minimal vocational element, depending on the subject studied.

***Foundation Degree:***

The foundation degree is a new vocational qualification geared to providing students with higher level skills suited to the needs of employers, and its roots lie in the BTEC higher national. Often it combines the level of academic achievement in a normal degree with specific business, specialist and technical skills needed in the workplace. In some cases, it provides the opportunity for adults with work experience, knowledge and skills to progress to higher education with no formal qualifications.

## 2.2 Geographical distribution of Health, public services and care

Figure 2 (below) shows learner numbers by institution, the level of qualification undertaken and the mode of study.

- There were a total number of 11,604 courses delivered at Level 3 and above in Greater Manchester in 2005/6 of which nine-tenths (91% or 10,593) were at Level 3.
- The largest providers in terms of number of learners was MANCAT (1789), followed by City College Manchester (991) and Salford College (968). 10 other colleges had provision of over 400 students in this sector subject area.
- The mode of provision was split roughly in half between full-time and part-time (5,422 full-time courses were delivered at Level 3 and above compared to 6,182 part-time courses).
- However, at Level 4, 5 or higher, the majority of provision (96% or 975) was delivered as part-time.

The four maps overleaf show the geographical spread of provision as described in Figure 2.

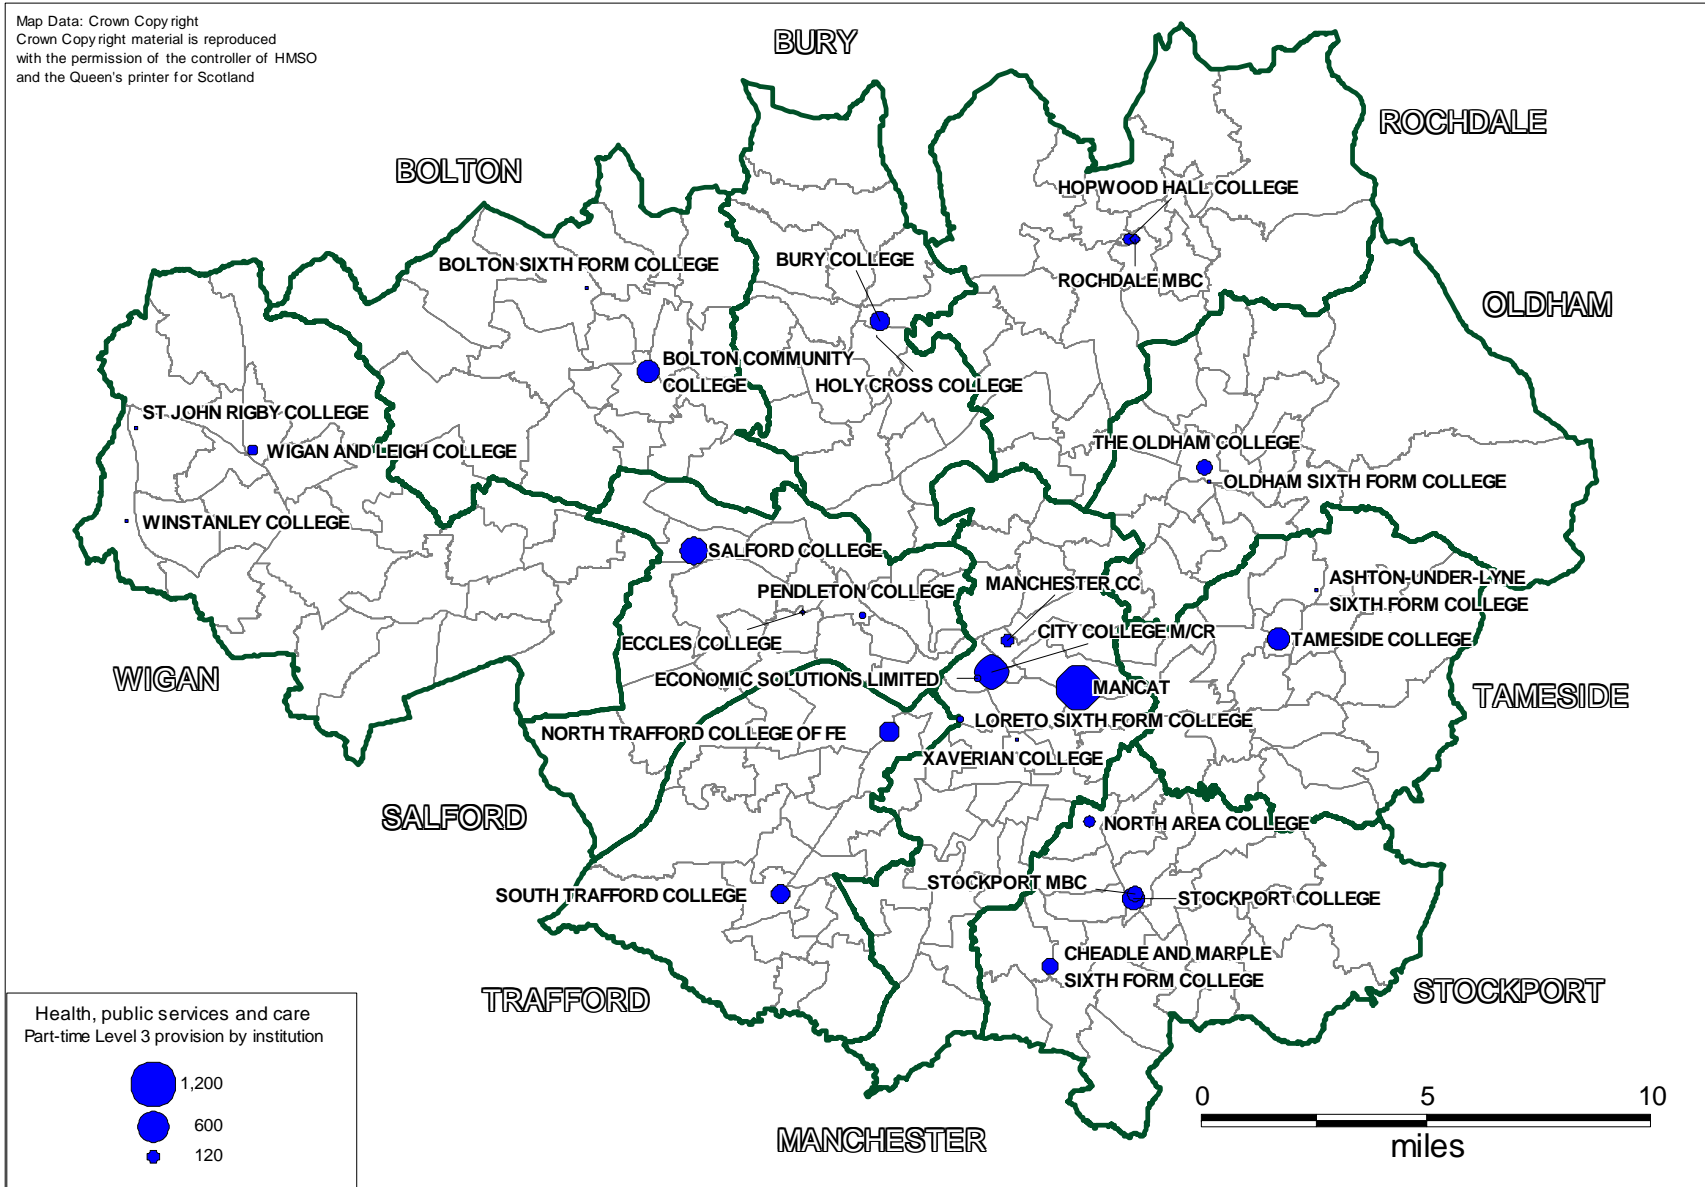

- Map 1 shows that the distribution of full-time Level 3 provision is fairly evenly spread across the sub-region;
- Map 2 shows that, for part-time Level 3 provision, there is a particular concentration in the conurbation core; and
- Maps 3 and 4 highlights that the majority of full-time and part-time Level 4+ provision is concentrated in the south of the sub-region.

Map 1: Geographical distribution of full-time Level 3 LSC provision in Health, public services and care by location of institution

Map 2 Geographical distribution of part-time Level 3 LSC provision in Health, public services and care by location of institution

### 2.3 Level 3 Qualifications offered in Health, public services and care

Figure 3 provides a breakdown of the mode of study for Level 3 qualifications in Health, public services and care delivered in Greater Manchester in 2005/6. The most common mode of delivery was full-time for a full year which accounted for 48% of all provision (5,133 learners), followed by other part-time including e-learning (34% or 3,630 learners), and part-time evening (14% or 1,522).

Figure 3 Level 3 Health, public services and care provision by mode of study (number of courses shown in brackets)

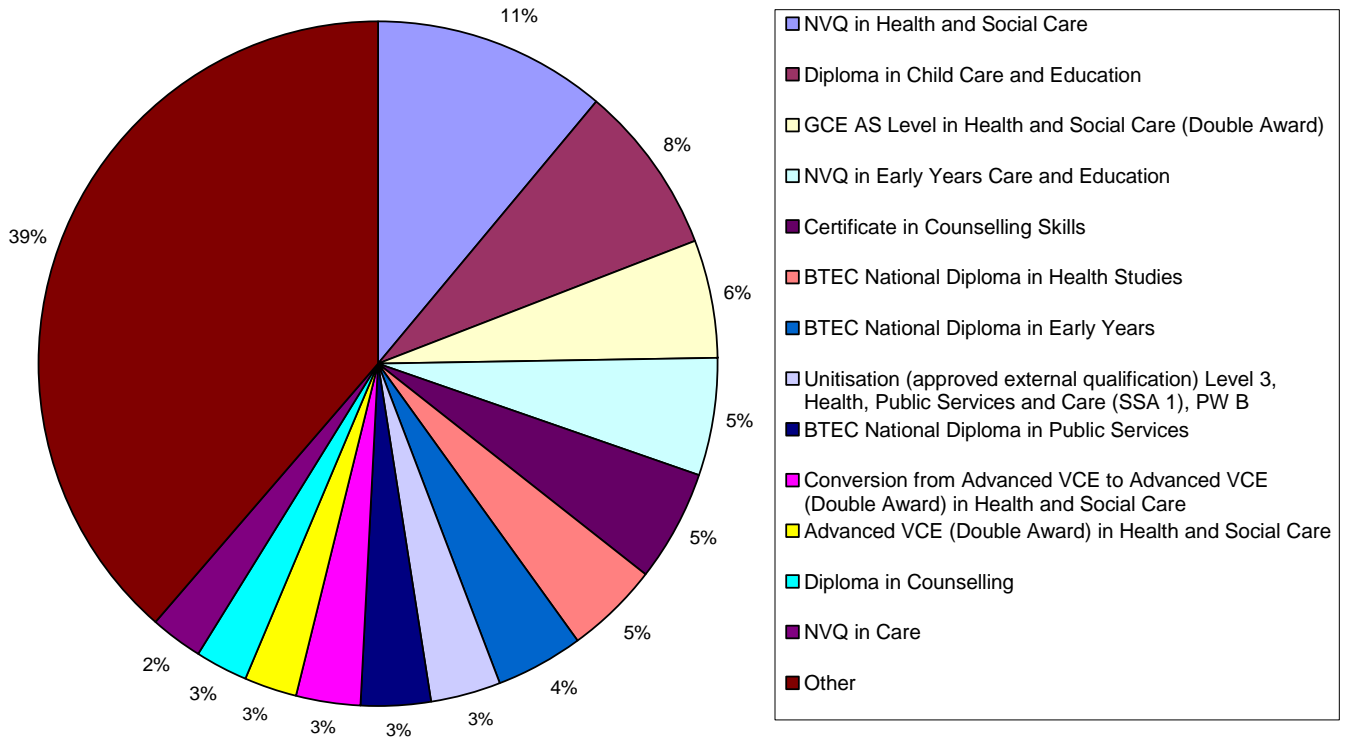

A total of 89 different courses and qualifications were offered in Health, public services and care in 2005/6 at Level 3 (see Annex 3 for a full list). Figure 4 shows the qualifications with the largest provision at Level 3 in Greater Manchester. These were:

- NVQ in Health and Social Care (1182)
- Diploma in Child Care and Education (843)
- GCE AS Level in Health and Social Care (Double Award) (604)
- NVQ in Early Years Care and Education (580)
- Certificate in Counselling Skills (555)

In addition, two-fifths of delivery at Level 3 in this sector subject area (39% or 4,096 learners) was spread amongst 76 courses with fewer than 200 participants across Greater Manchester (shown as 'other' in Figure 4).

Figure 4 Key Level 3 qualifications as a proportion of total Health, public services and care Level 3 provision

---

**NVQ in Health and Social Care** was the course with the highest level of provision in Health, public services and care at Level 3. Analysis of figures in Annex 2 shows that:

- It was delivered across 15 institutions
- There were concentrations of delivery at City College Manchester (33% or 393 learners), MANCAT (18% or 216 learners) and Salford College (14% or 160 learners)
- This course was predominantly delivered as other part-time including e-learning (89% or 1054 learners).

**Diploma in Child Care and Education** has the next highest level of delivery at Level 3 in this sector subject area. Analysis of figures in Annex 2 shows that:

- It was delivered by 15 institutions
- The largest providers were: Bury College (20% or 167 learners), The Oldham College (13% or 106 learners) and Wigan and Leigh College (10% or 86 learners)
- It was primarily delivered as full-time for a full year – 96% (806 learners) studied this way.

**GCE AS Level in Health and Social Care (Double Award)** had the third highest level of delivery at Level 3 in this sector subject area. Annex 2 shows that:

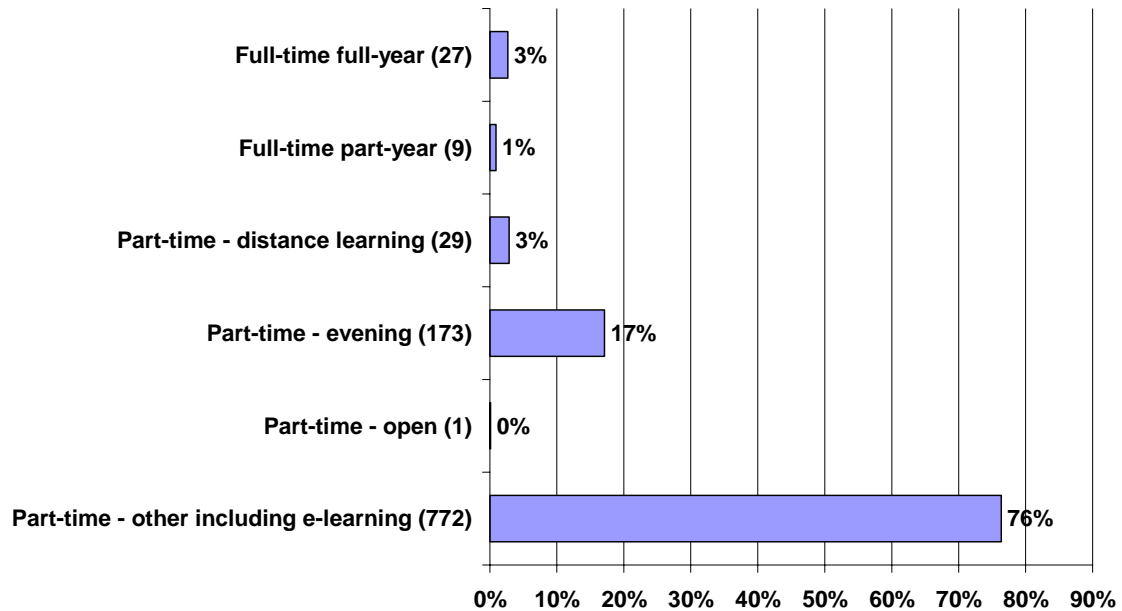

- It was delivered by 10 institutions,
- There were concentrations of delivery at Bury College (108 learners) and Oldham Sixth Form College (103 learners).
- It was almost exclusively delivered as full-time for a full year – 99% (599) of courses were delivered this way.

---

## 2.4 Level 4+ Qualifications offered in Health, public services and care

Figure 8 provides a breakdown of the mode of study for Level 4 and above qualifications in Health, public services and care delivered in Greater Manchester in 2005/6. The most common mode of delivery was part-time other including e-learning (76% or 722) followed by part-time evening (17% or 173).

Figure 5 Level 4 Health, public services and care provision by mode of study (number of courses shown in brackets)

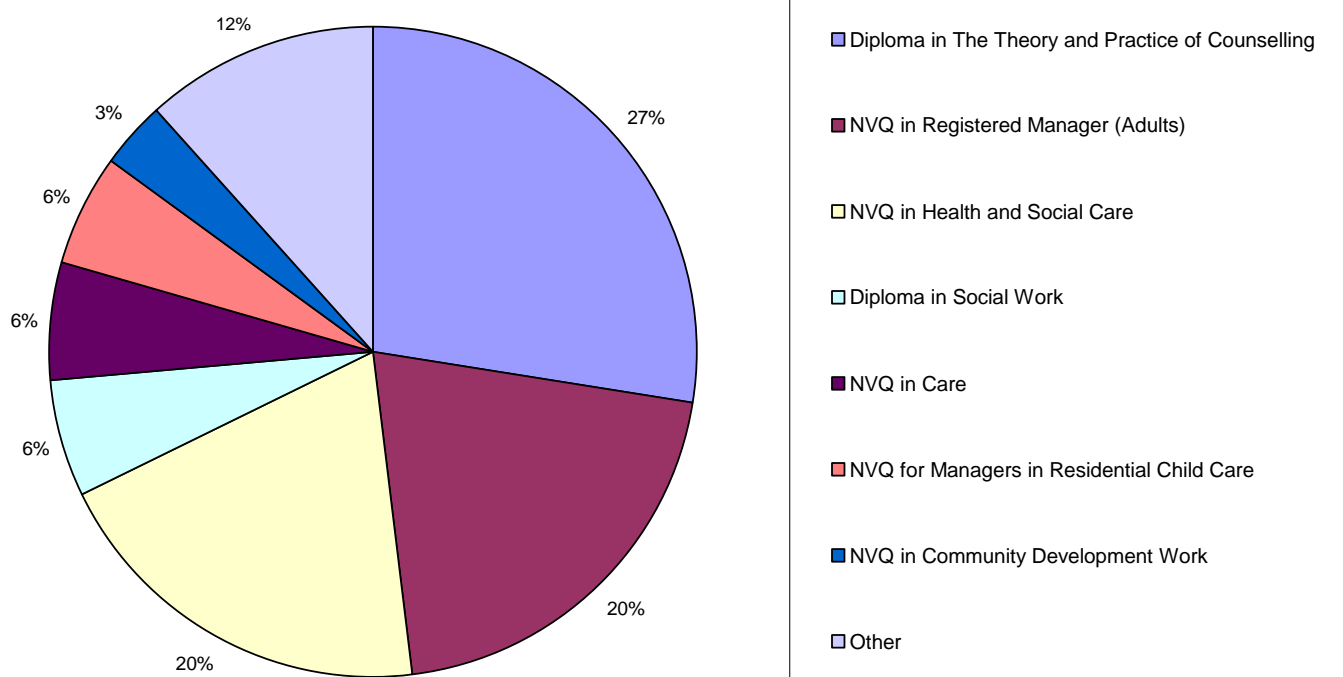

---

A total of 24 different courses and qualifications were offered in Health, public services and care in 2005/6 at Level 4+ (see Annex 3 for a full list). Figure 6 shows the courses at Level 4 and above in Greater Manchester. Those with the most provision were:

- Diploma in The Theory and Practice of Counselling (279 learners)
- NVQ in Registered Manager (Adults) (206 learners)
- NVQ in Health and Social Care (200 learners)
- Diploma in Social Work (60 learners)

Figure 6 Key Level 4 qualifications as a proportion of total Health, public services and care Level 4 provision

---

**Diploma in The Theory and Practice of Counselling** was the course with the most provision in this sector subject area. Analysis of Annex 2 shows that:

- It was delivered by seven institutions, with a particular concentration (37% or 102 learners) at MANCAT.
- The mode of delivery was split between other part-time including e-learning (56% or 155 learners) and part-time evening (43% or 121)

**NVQ in Registered Manager (Adults)** was:

- Delivered by eight institutions.
- Salford College (20% or 41 learners) Economic Solutions Limited (17% or 34 learners) and City College Manchester (16% or 32 learners) had the largest concentrations of delivery
- Most of the provision was delivered as other part-time including e-learning (86% or 177 learners)

**NVQ in Health and Social Care** was:

- Delivered by nine institutions; there was a particular concentration of delivery at City College Manchester (44% or 87 learners)
- Almost all of the provision was delivered as other part-time including e-learning (95% or 190 learners)

### 3 Annex 1: Background LSC data, 2005-2006: Health, public services and care Sorted by Provider
