1 Introduction, Methodology and Structure

Manchester Enterprises (ME) was commissioned by the Greater Manchester Strategic Alliance (GMSA) in February 2008 to undertake an analysis of 2006/07 Learning and Skills Council (LSC) provision of Level 3 and above qualifications within Greater Manchester. This report is one of seven, each of which look at provision in one of the following LSC sector subject areas:

- Arts, Media and Publishing
- Agriculture, Horticulture and Animal Care
- Construction, Planning and the Built Environment
- Information and Communication Technology
- Retail and Commercial Enterprise
- Health, Public Services and Care
- Business, Administration and the Law

This report focuses on provision in the Arts, Media and Publishing sector subject area.

ME used Level 3+ supply data for qualifications delivered by Greater Manchester institutions obtained from the LSC's 2006/07 Individualised Learner Record. This data provides a detailed picture of LSC Level 3+ supply, allowing analysis by:

- course title;
- level of qualification;
- mode of delivery (e.g. full-time, part-time); and
- institution/provider.

It should be noted that there will be some cases of double counting within the data caused by learners undertaking more than one course (for example, when a student takes two or more AS Levels) although, due to the complexities of the qualifications framework, it is not possible to easily quantify the impact of this on individual skills outcomes. Further, the data excludes non-LSC funded Level 3+ qualifications (such as those delivered via Greater Manchester's Higher Education Institutions). Therefore the report provides results which should be interpreted as being broadly indicative of current supply but not a precise measure of future skills outcomes. Notably, not all returns for Greater Manchester are recorded. National training providers with head offices elsewhere in the country may provide returns data to their local LSC, rather than to the local LSC where the qualifications were taken.

In addition, work-based learning (WBL) data is provided, yet as data was not available for last year, these figures cannot be compared. WBL data is presented separate to FE data to allow FE data comparisons. All WBL courses are classed as part-time, and so adding this data to the FE data would significantly skew the proportion of courses taken being part-time. There are significantly fewer WBL course enrolments funded by the LSC than FE courses, and so a shorter analysis of WBL courses is presented.

The remainder of the report is structured as follows:

- **Types of qualifications offered in Arts, Media and Publishing.** This section examines which institutions had provision in Arts, Media and Publishing in 2006/07, what type of provision this was (e.g. National Certificate, National Diploma, 'A' Level), and whether the mode of delivery was full-time or part-time
- **Geographical distribution of Arts, Media and Publishing provision.** This section examines the provision in terms of the number of learners, level of qualification, and institutional and geographical 'hotspots'.
- **Analysis of the change between qualification enrolments from 2005/06 and 2006/07.** This section examines the changes in further education (FE) enrolments between the two years in level of qualification, institutional provision and mode of delivery (e.g. full-time and part-time).
- **Level 3 Qualifications offered in Arts, Media and Publishing.** This section analyses the Level 3 supply data in some detail, looking specifically at the major qualifications/courses offered in terms of the location and the mode of delivery.
- **Level 4+ Qualifications offered in Arts, Media and Publishing.** This final section analyses the Level 4+ supply data in some detail, looking specifically at the major qualifications/courses offered in terms of the location and the mode of delivery.
- **Level 3 and above WBL Qualifications offered in Arts, Media and Publishing.** This section analyses the Level 3 and above WBL supply data in some detail, looking specifically at the major qualifications/courses offered in terms of the location and the mode of delivery.

2.1 Types of FE qualifications offered in Arts, Media and Publishing

Figure 1 (overleaf) shows that 24 institutions in Greater Manchester offer courses at Level 3 and above in Arts, Media and Publishing. The table shows provision broken down by the number in full-time and part-time learning (if no figures are shown then the institution had no provision for that qualification in 2006/07). Numbers shown in Figure 1 will not sum to those shown in Figure 3, as Figure 1 excludes records that do not constitute a full qualification (such as NVQ units) and records that cannot be assigned to a specific qualification outcome (such as unspecified approved external qualification).¹

Numbers in Figure 1 are intended for information only as they involve a certain amount of subjective judgement. Therefore, when quoting figures, wherever possible please use numbers from Figure 3 which are taken directly from the LSC's ILR.

In terms of types of qualification offered, City College Manchester has the greatest variety of provision with courses leading to 12 different qualifications (including BA (Hons) and Foundation Degrees), followed by MANCAT which offers 11 different qualifications.

The most widely offered qualification was the AS Level, which was offered by 20 providers to a total of 6,458 full-time and 109 part-time students. The next most widely offered qualifications were the A2 Level (offered by 20 providers to 3,568 full-time and 73 part-time students) and the National Diploma (offered by 11 providers to 2,836 full-time and 31 part-time students).

¹

For example, records that have been excluded from this section include:

- *Unitisation (approved external qualification) Level 3, Arts, Media and Publishing (SSA 9), PW B; and*
- *Additional 1 NVQ/GNVQ unit, Level 3, PW C, Arts, Media and Publishing (SSA 9)*

These were excluded because they are only partial elements of full courses, or because they have not been matched to a qualification type. As such, the use of these figures in the analysis is unnecessary.

Definitions of the qualifications offered are as follows:

Access Course:

The main aim of Access programmes is to prepare adult learners from non-traditional backgrounds and under-represented groups for admission to undergraduate education. Most access courses last between six months and a year.

City & Guilds:

City and Guilds is a nationally recognised vocational qualification which provides the background knowledge and skills in a specific work related area. City and Guilds courses are arranged as a series of modules which can be credited individually or combined with other modules to form certificates or diplomas.

National Award:

A practical, work-related course, this is the lower level BTEC or equivalent qualification. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to one 'A' level.

National Certificate:

A practical, work-related course, this is the mid level BTEC or equivalent qualification. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to two 'A' levels.

National Diploma:

A practical, work-related course, this is the higher-level BTEC or equivalent. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to three 'A' levels.

NVQ Level 3:

National Vocational Qualifications (NVQs) are work-related qualifications designed for progression to work in specific industries. There are five levels, ranging from Foundation Skills (Level 1) to Chartered, Professional and Senior Management Occupations (Level 5). The first three levels can be studied at 16, but the other two require more experience. NVQ Level 3 is equivalent to two 'A' level.

'A' Level:

Advanced Subsidiary/Advanced Level (AS Level/'A' Level) certificates are offered in a wide variety of subjects, some of which are more vocational in nature. A full 'A' level is made up of six units: three AS units in the first year and a further three units called A2 in the second year.

Most students take three or four AS subjects in the first year and carry three on as A2 subjects in the second year to gain full 'A' levels.

AS Level / A2 Level:

Advanced Subsidiary/Advanced Level (AS Level/'A' Level) certificates are offered in a wide variety of subjects, some of which are more vocational in nature. A full 'A' level is made up of six units: three AS units in the first year and a further three units called A2 in the second year. Most students take three or four AS subjects in the first year and carry three on as A2 subjects in the second year to gain full 'A' levels.

Award (Level 3):

A vocational qualification equivalent to NVQ level 3.

Certificate (Level 3):

A vocational qualification equivalent to NVQ level 3.

Diploma (Level 3):

A vocational qualification equivalent to NVQ level 3.

Advanced Award:

A new qualification that recognises the job knowledge and practical skills a person has gained during training. They are equivalent to NVQs but are actually used as a way of feeding practical experience into the process of gaining an NVQ, rather than as a separate qualification type. An advanced award is therefore equivalent to an NVQ level 3.

Advanced Certificate:

Designed to give Managers and Supervisors the skills to effectively manage their business through a combination of training and self-study.

HNC:

Higher National Certificates (HNCs) normally take two years to complete and are the equivalent to the first year of a bachelor's degree. They are offered in many subject areas and are normally vocationally related.

HND:

Higher National Diplomas (HNDs) take two years to complete and are equivalent to the first two years of a bachelor degree. HND courses are more vocational than degree courses and often contain more practical work than theory. The entry requirements are different to degrees, normally requiring one A level or its equivalent.

BA (Hons):

A BA (Hons) is a primarily academic course, typically three years in length, on subjects in the arts and humanities. Although primarily academic there is a variable but often minimal vocational element, dependent on the subject studied.

Foundation Degree:

The foundation degree is a new vocational qualification geared to providing students with higher level skills suited to the needs of employers, and its roots lie in the BTEC higher national. Often it combines the level of academic achievement in a normal degree with specific business, specialist and technical skills needed in the workplace. In some cases, it provides the opportunity for adults with work experience, knowledge and skills to progress to higher education with no formal qualifications.

2.2 Types of WBL qualifications offered in Arts, Media and Publishing

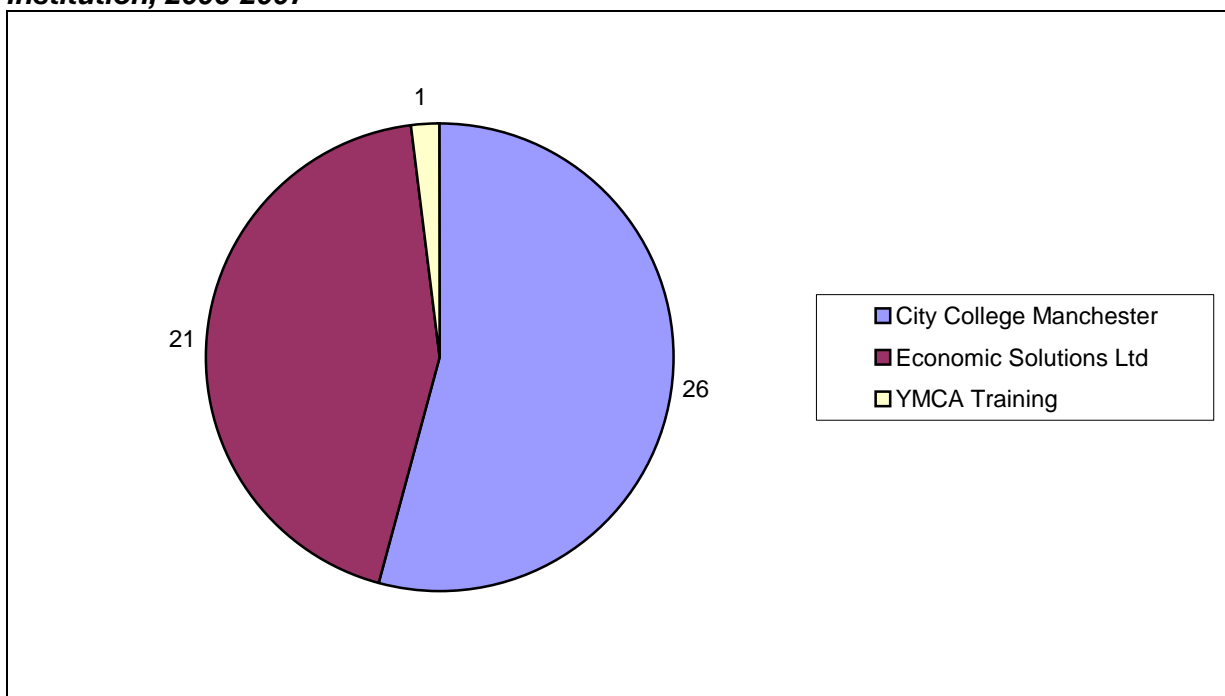

Figure 2 (overleaf) highlights the level of work-based learning (WBL) in Greater Manchester recorded on the LSC's ILR. WBL enrolments are all part-time and, in the Arts, Media and Publishing sector, are only Level 3 NVQ's. 48 learners were recorded as having taken WBL courses in Greater Manchester in 2006/07.

Non-college institutions provided the smallest proportion of the WBL courses recorded on the ILR, accounting for 22 of the 48 enrolments. These providers may not constitute all the data available, as some providers train individuals without reporting returns to the local LSC. For example, national providers may train individuals within GM but provide no returns to the GM LSC, instead providing data for the location of their head office, which may be elsewhere.

City College Manchester had by far the greatest provision of WBL qualifications, with 26 enrolments (54.2% of all WBL enrolments). Economic Solutions Ltd, with 21 enrolments (43.8%), also constituted a significant proportion of WBL enrolments, whilst YMCA Training provided 1 WBL enrolment.

WBL data was unavailable in the 2005/06 year. This meant that WBL data is incomparable over time, as opposed to the total FE data which was supplied last year. Any comparisons over time will feature only the FE data.

2.3 Geographical distribution of Arts, Media and Publishing

Figure 3 (below) shows learner numbers by institution, the level of qualification undertaken and the mode of study.

- There were a total number of 16,011 courses delivered at Level 3 and above in Greater Manchester in 2006/07 of which almost all (99.9%, or 15,988 learners) were at Level 3.
- The largest providers in terms of number of learners was Cheadle and Marple Sixth Form College (1,289 enrolments, or 8.1%), followed by Winstanley College (1,266 enrolments, or 7.9%) and Aquinas College (1,060 enrolments, or 6.6%). In addition, 15 other colleges had significant provision of over 400 students in this sector subject area.
- The mode of provision was predominantly full-time (94.7%, or 15,165 courses were delivered as full-time).
- There was very little provision (23 enrolments) at level 4, 5 or higher in 2006/07. The vast majority of these courses were provided at MANCAT (18 enrolments, or 78.3%). However, as noted above, these figures do not include non-LSC funded provision in Greater Manchester's Higher Education Institutions, which provide much of the sub-region's level 4 and above enrolments.

The two maps overleaf show the geographical spread of provision at Level 3 and above as described in the total column of Figure 3. As there were only 11 courses delivered at Level 4 and above in 2006/07, this provision has not been mapped separately.

- Map 1 shows that the distribution of full-time provision is fairly evenly spread across the sub-region. There are particular concentrations in the conurbation core as well as Stockport;
- Map 2 shows that, for part-time provision, there is a particular concentration in the conurbation core. That said, smaller amounts of provision are spread around the sub-region.

2.4 Change in FE provision between 2005/06 and 2006/07

Figure 4 (overleaf) highlights the change in provision between 2005/06 and 2006/07 of all Arts, Media and Publishing qualifications provided by institutions in Greater Manchester. The analysis shows that the total provision of these qualifications has decreased between 2005/06 and 2006/07 by -63 (-0.4%). This small change is due in large part to changes in part-time courses, which experienced a decrease of -49 learners (-5.5%) from 895 in 2005/06 to 846 in 2006/07.

Full-time provision of these qualifications was the most common mode of delivery in 2006/07, having decreased significantly less (-177 learners, or -6.1%) than part-time provision since 2005/06. The difference between full-time and part-time provision has also significantly increased since 2005/06, up from 62 learners in 2005/06 to 401 learners in 2006/07.

The largest proportional increase in provision between 2005/06 and 2006/07 was in Salford College, which experienced an increase of +75.0% (+90 learners). This was followed by MANCAT, which experienced an increase of +17.8% (137 learners) from 771 in 2005/06 to 908 in 2006/07.

The largest proportional decreases in provision were experienced at Manchester City Council, Economic Solutions Ltd and Bury Metropolitan Borough Council, which provided no courses in 2006/07. In addition, Bolton Community Collge experienced a decrease of -46.5% (-87 learners) in enrolments.
