1 Introduction, Methodology and Structure

Manchester Enterprises (ME) was commissioned by the Greater Manchester Strategic Alliance (GMSA) in February 2008 to undertake an analysis of 2006/07 Learning and Skills Council (LSC) provision of Level 3 and above qualifications within Greater Manchester. This report is one of seven, each of which look at provision in one of the following LSC sector subject areas:

- Health, public services and care
- Agriculture, horticulture and the animal care
- Construction, planning and the built environment
- Information and Communication technology
- Retail and Commercial enterprise
- Arts, Media and Publishing
- Business, administration and the law

This report focuses on provision in the Construction, planning and the built environment sector subject area.

ME used Level 3+ supply data for qualifications delivered by Greater Manchester institutions obtained from the LSC's 2006/7 Individualised Learner Record. This data provides a detailed picture of LSC Level 3+ supply, allowing analysis by

- course title;
- level of qualification;
- mode of delivery (e.g. full-time, part-time); and
- institution/provider.

It should be noted that there will be some cases of double counting within the data caused by learners undertaking more than one course (for example, when a student takes two or more AS Levels) although, due to the complexities of the qualifications framework, it is not possible to easily quantify the impact of this on individual skills outcomes. Further, the data excludes non-LSC funded Level 3+ data (such as that delivered via Greater Manchester's Higher Education Institutions). Therefore the report provides results which should be interpreted as being broadly indicative of current supply but not a precise measure of future skills outcomes.

The remainder of the report is structured as follows:

-
- **Types of qualifications offered in Construction, planning and the built environment.** This section examines which institutions had provision in Construction, planning and the built environment in 2006/7, what type of provision this is (e.g. National Certificate, National Diploma, 'A' Level), and whether the mode of delivery is full-time or part-time
 - **Geographical distribution of Construction, planning and the built environment provision.** This section examines the provision in terms of the number of learners, level of qualification, and institutional and geographical 'hotspots'.
 - **Analysis of the change between qualification enrolments from 2005/6 and 2006/7.** This section examines the changes in further education (FE) and work based learning (WBL) enrolments between the two years in level of qualification, institutional provision and mode of delivery (e.g. full-time and part-time).
 - **Level 3 Qualifications offered in Construction, planning and the built environment.** This section analyses the Level 3 supply data in some detail, looking specifically at the major qualifications/courses offered in terms of the location and the mode of delivery.
 - **Level 4+ Qualifications offered in Construction, planning and the built environment.** This final section analyses the Level 4+ supply data in some detail, looking specifically at the major qualifications/courses offered in terms of the location and the mode of delivery.

2 Results

2.1 *Types of qualifications offered in Construction, planning and the built environment*

Figure 1 (overleaf) shows that 10 institutions in Greater Manchester offer FE courses at Level 3 and above in construction, planning and the built environment. The table shows provision broken down by the number in full-time and part-time learning (if no figures are shown then the institution had no provision for that qualification in 2006/07).

In addition, Figure 2 provides a breakdown of all NVQ Level 3 provision in both WBL and FE. The only WBL courses provided in construction, planning and the built environment are NVQ Level 3 part-time courses. A full breakdown by mode of learning is given for NVQ level 3 including both FE and WBL courses. Figure 2 shows that 13 providers offered WBL courses in GM in 2006/07. Of these, 8 were colleges, whilst the remainder were non-college training providers.

Numbers shown in Figure 1 will not sum to those shown in Figure 3, as Figure 1 excludes records that do not constitute a full qualification (such as NVQ/GNVQ units) and records that cannot be assigned to a specific qualification outcome (such as unspecified approved external qualification).¹ Numbers in Figure 1 are intended for information only as they involve a certain amount of subjective judgement. Therefore, when quoting figures, wherever possible please use numbers from Figure 3 which are taken directly from the LSC's ILR.

In terms of types of qualification offered, Manchester College of Arts and Technology (MANCAT) and Salford College both have by far the greatest variety of provision with courses leading to eight different qualifications. For FE provision, the most commonly offered

¹

For example, records that have been excluded from this section include:

- *Non-externally certificated FE other provision, Level 3, Construction, Planning and the Built Environment (SSA 5), PW C; and*
- *Unitisation (approved external qualification) Level 3, Construction, Planning and the Built Environment (SSA 5), PW A*

qualifications were a Level 3 Certificate and an NVQ Level 3 (both offered by nine providers), followed by an Advanced Award, a National Certificate, and a National Diploma (all offered by seven providers). Including all the providers of WBL, NVQ Level 3 courses become the most widely available, offered by sixteen providers.

Definitions of the qualifications offered are as follows:

Advanced Award:

A new qualification that recognises the job knowledge and practical skills a person has gained during training. They are equivalent to NVQs but are actually used as a way of feeding practical experience into the process of gaining an NVQ, rather than as a separate qualification type. An advanced award is therefore equivalent to an NVQ level 3.

City & Guilds:

City and Guilds is a nationally recognised vocational qualification which provides the background knowledge and skills in a specific work related area. City and Guilds courses are arranged as a series of modules which can be credited individually or combined with other modules to form certificates or diplomas.

National Award:

A practical, work-related course, this is the lower level BTEC or equivalent qualification. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to one 'A' level.

National Certificate:

A practical, work-related course, this is the mid level BTEC or equivalent qualification. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to two 'A' levels.

National Diploma:

A practical, work-related course, this is the higher-level BTEC or equivalent. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to three 'A' levels.

NVQ Level 3:

National Vocational Qualifications (NVQs) are work-related qualifications designed for progression to work in specific industries. There are five levels, ranging from Foundation Skills (Level 1) to Chartered, Professional and Senior Management Occupations (Level 5). The first three levels can be studied at 16, but the other two require more experience. NVQ Level 3 is equivalent to two 'A' level.

Certificate (Level 3):

A vocational qualification equivalent to NVQ level 3.

Diploma (Level 4+):

A high-level vocational qualification designed for those already working at a senior level within the subject field.

HNC:

Higher National Certificates (HNCs) normally take two years to complete and are the equivalent to the first year of a bachelor's degree. They are offered in many subject areas and are normally vocationally related.

Technical Award:

The technical award is designed as an introduction to the knowledge and understanding required by those working, or aspiring to work, in construction. It covers law and practice of construction in England and Wales and is based on a syllabus derived from the National Occupational Standards (NOS) for some construction occupations.

2.2 Geographical distribution of Construction, planning and the built environment provision

Figure 3 (below) shows learner numbers by institution, the level of qualification undertaken and the mode of study. There were a total number of 2,373 courses delivered at Level 3 and above in Greater Manchester in 2006/06 of which 88.2% (2,094) were at Level 3. The mode of delivery with the highest proportion of enrolments was undoubtedly part-time, which accounted for 86.1% of total enrolments.

The largest providers in terms of number of learner enrolments was MANCAT at 395 (16.6% of all construction, planning and the built environment enrolments), followed by Stockport College of Further and Higher Education with 291 enrolments (12.3%) and North Trafford College of Further Education with 263 enrolments (11.1%). These three providers accounted for two-fifths of all provision (40.0%). Other large providers included Bolton Community College (251 enrolments, or 10.6%), Wigan And Leigh College (248 enrolments, or 10.5%), The Oldham College (194 enrolments, or 8.2%) and Economic Solutions Ltd (178 WBL enrolments, or 7.5%).

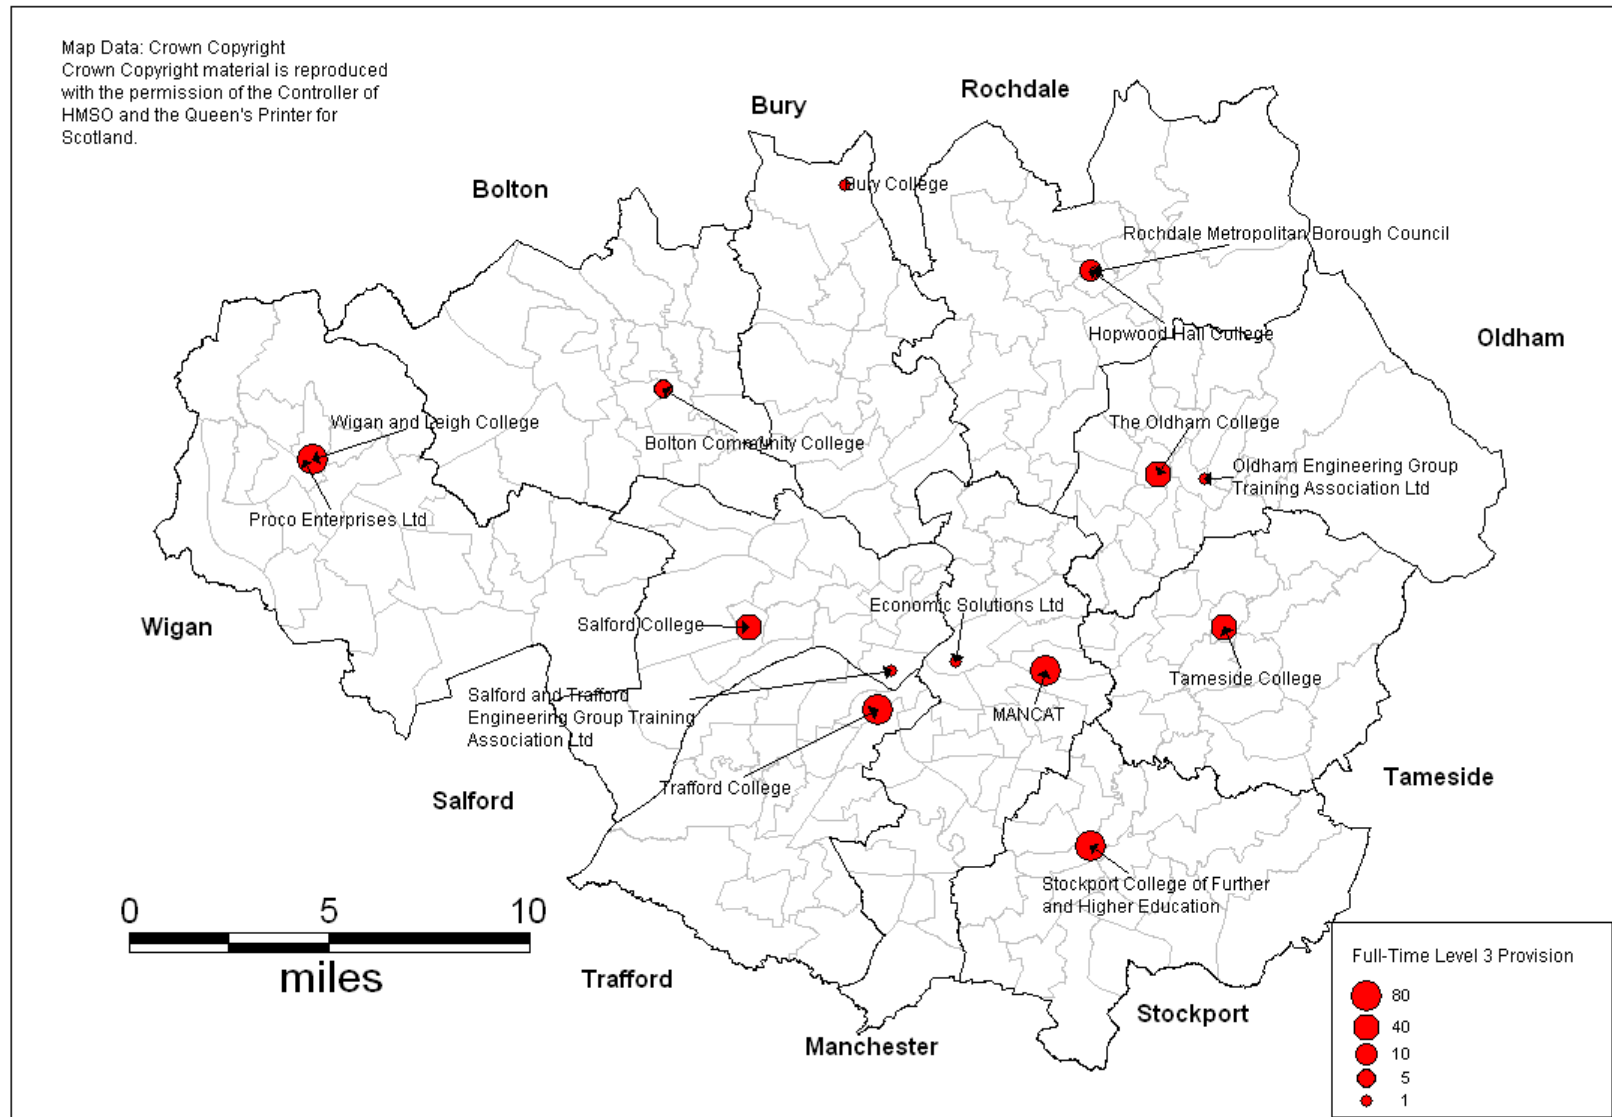

The overwhelming majority (266 learners, or 95.3%) of provision at Level 4, 5 or higher was delivered by MANCAT, and this was primarily delivered on a part-time basis – 263 enrolments, 98.9% of all MANCAT level 4 or higher enrolments, were part-time courses. Wigan and Leigh College was the next largest provider of Level 4, 5 or higher qualifications (3.2% or 9 learners) followed by North Trafford College of Further Education (0.7% or 2 learners).

The four maps overleaf show the geographical spread of provision as described in Figure 2. Map 1 shows that the distribution of full-time Level 3 provision across Greater Manchester is concentrated in Salford College. Map 2 shows that part-time Level 3 provision is fairly evenly distributed across colleges and local authority districts in the sub-region. Map 3 shows that there is very little full-time Level 4 provision but what is delivered is concentrated in MANCAT. Finally, Map 4 shows that part-time Level 4 provision is also concentrated in MANCAT.

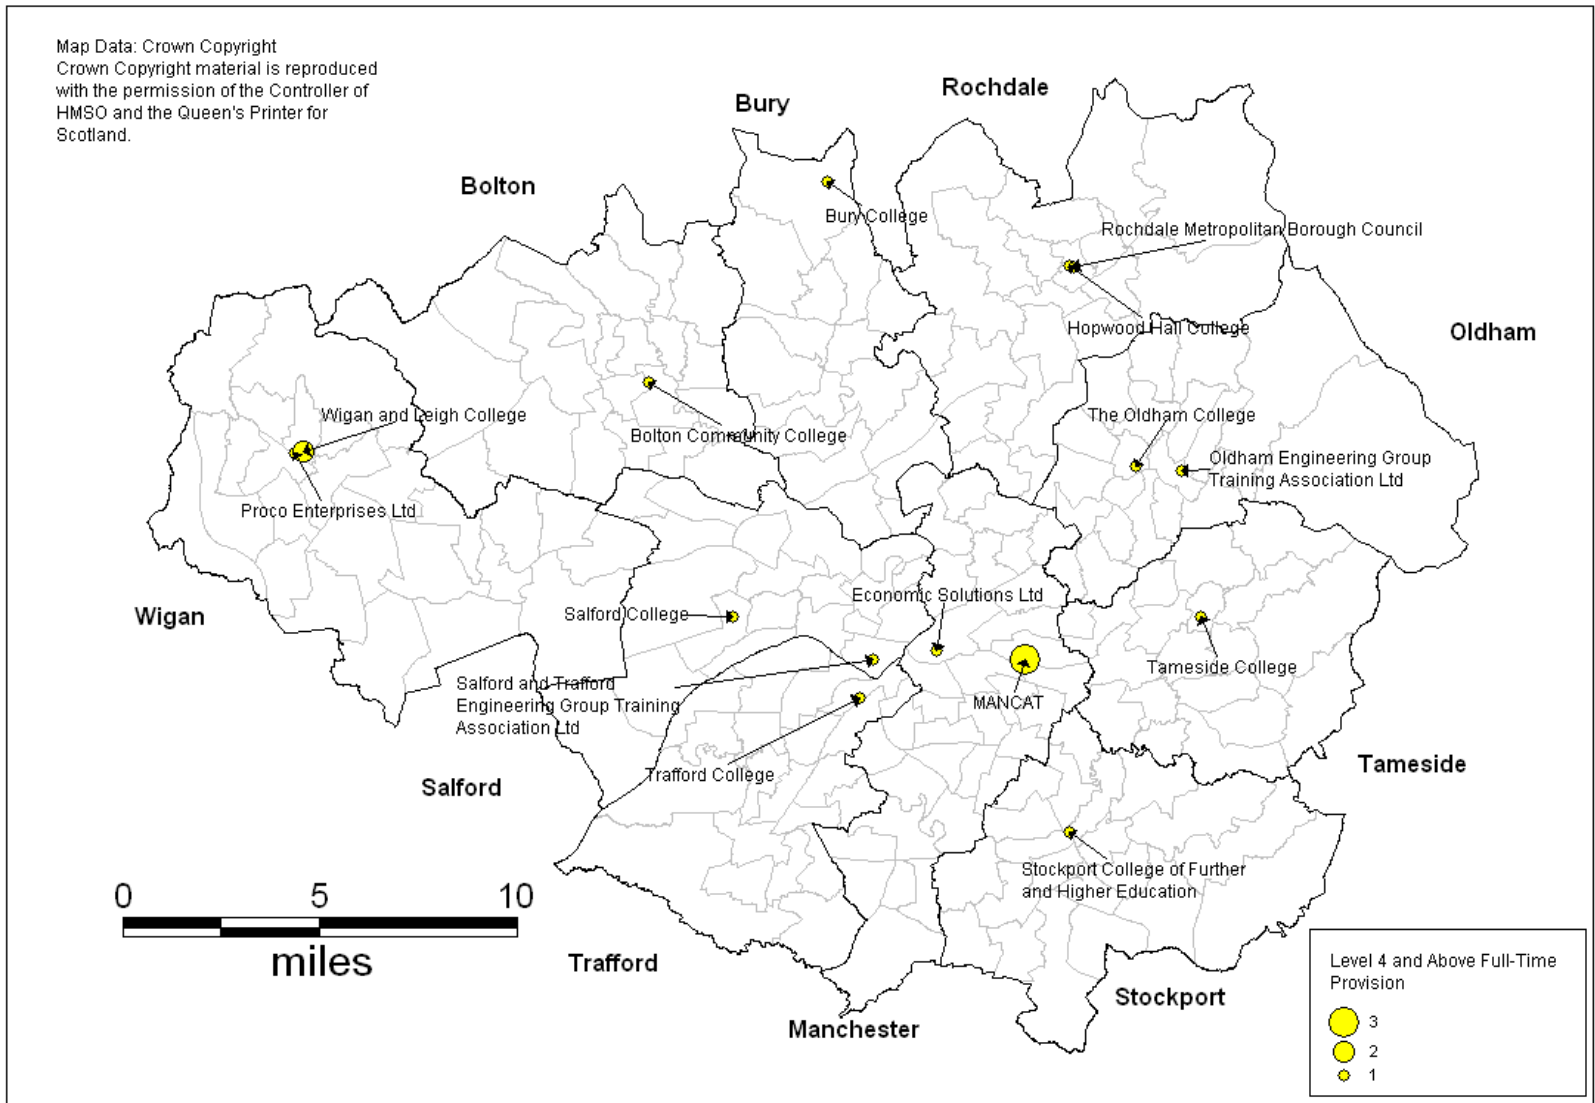

Map 1: Geographical distribution of full-time Level 3 LSC provision in Construction, planning and the built environment by location of institution

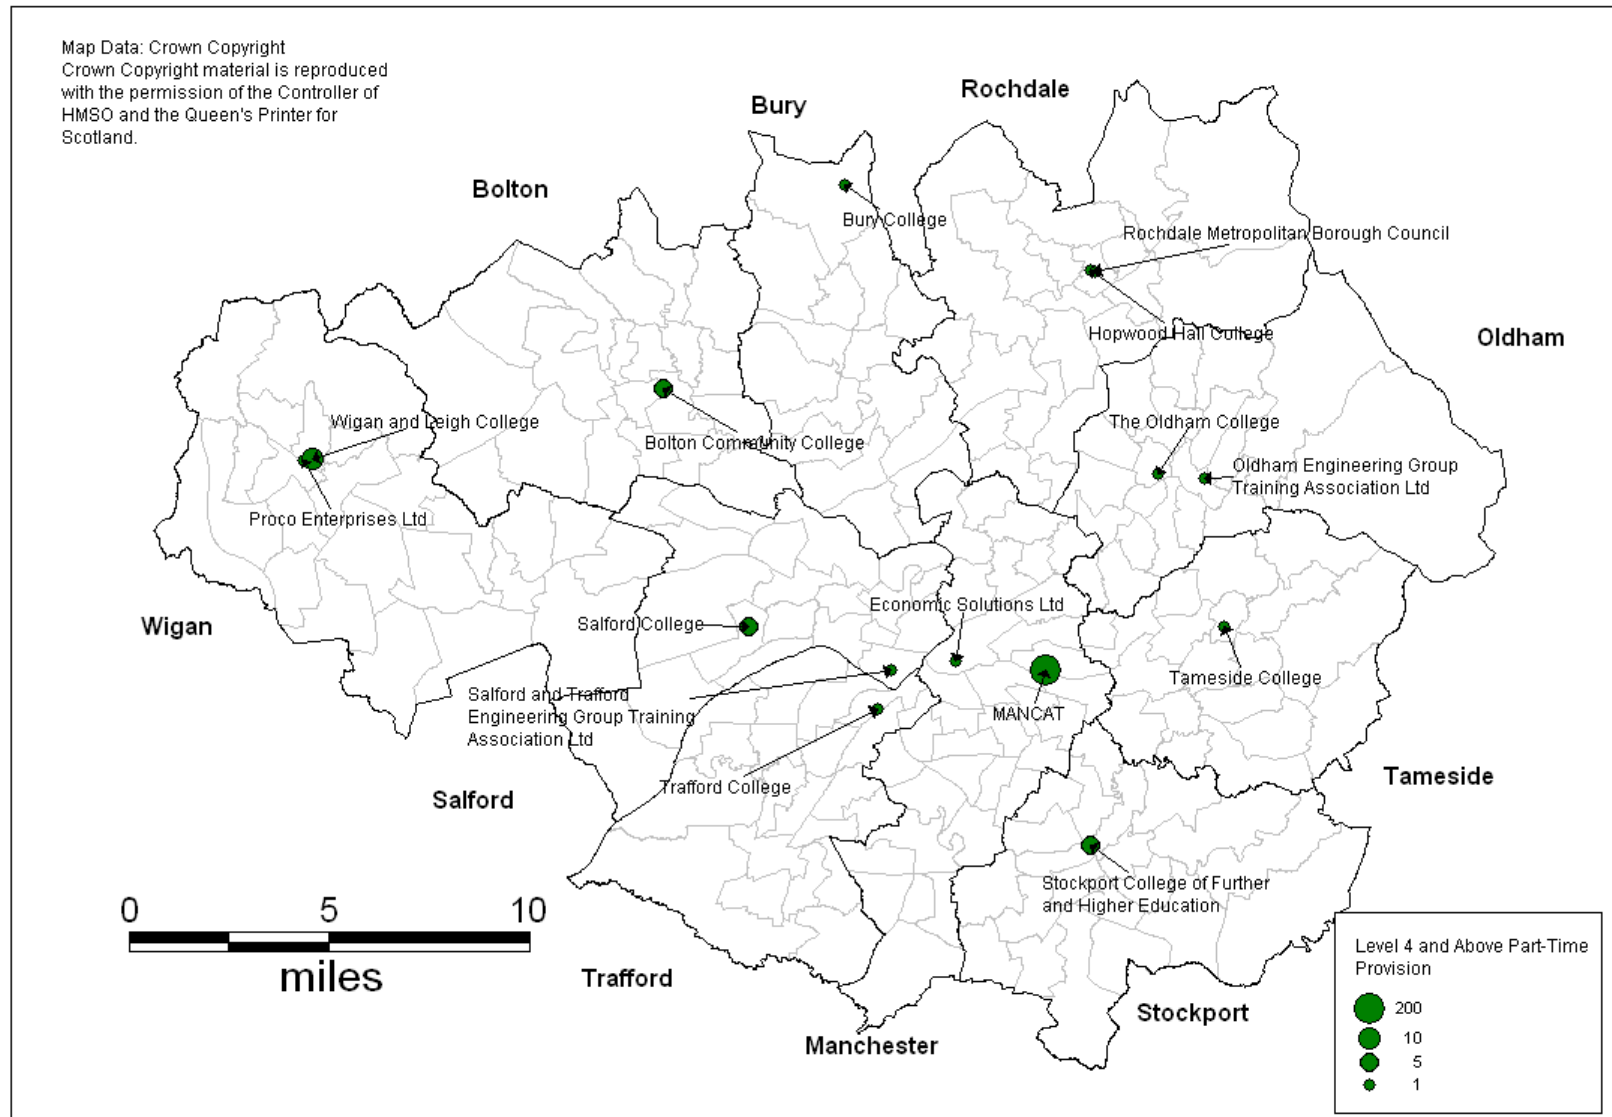

Map 2: Geographical distribution of part-time Level 3 LSC provision in Construction, planning and the built environment by location of institution

Map 3: Geographical distribution of full-time Level 4 LSC provision in Construction, planning and the built environment by location of institution

Map 4: Geographical distribution of part-time Level 4 LSC provision in Construction, planning and the built environment by location of institution

2.3 Change in Level 3 provision between 2005/06 and 2006/07

Figure 4 (below) highlights the change in provision between 2005/06 and 2006/07 of level 3 qualifications in Greater Manchester. The analysis shows that in 2005/06, none of the level 3 provision in construction, planning and the built environment was provided by non-college training groups. In 2006/07, non-college training groups provided 19.5% of the total level 3 provision. These groups included Economic Solutions Ltd (178 learners) and Proco Enterprises Ltd (146 learners). These providers mainly supplied part-time WBL courses in 2006/07, which were provided to a lesser degree in 2005/06.

Between 2005/06 and 2006/07, total provision in level 3 courses increased by +105 more enrolments. However, significant shifts were experienced between the two years, with the number of part-time learners decreasing by –421, and full-time provision increasing by +526 learners.

The largest increases in provision between 2005/06 and 2006/07 were experienced in Bolton Community College (an increase of +250 learners), Economic Solutions Ltd (+178 learners) and Stockport College of Further and Higher Education (+148 learners).

The largest decreases in provision were experienced at Salford College (-558 learners), Bolton Sixth Form College (-131 learners) and North Trafford College of Further Education (-104 learners).

As mentioned above, the structure of construction, planning and the built environment courses shifted significantly. The decrease in full-time learners was mainly spurred by a fall of –458 learners attending Salford College, whilst the increase in full-time provision was spurred by an increase of +249 learners at Bolton Community College.

2.4 Level 4 and above qualifications offered in construction, planning and the built environment

Figure 5 (below) highlights the change in provision between 2005/06 and 2006/07 of level 4 qualifications and above in Greater Manchester. The analysis shows that in both periods none of the level 4 provision in construction, planning and the built environment was provided by non-college training groups.

Between 2005/06 and 2006/07, total provision in level 4 and above courses decreased by -22 enrolments. This was largely due to a fall in part-time provision over the year of -21.

Bolton Community College (+1 learner), MANCAT (+1 learner) and Wigan and Leigh College all showed increases in level 4 and above learners, but these were largely from a low base. MANCAT appears to be the only provider with a significantly high number of learners compared to other providers across the two periods, and this level appears relatively stable.

Low levels of provision occur for level 4 and above in the construction, planning and built environment sector. This is largely due to the lack of requirement for advanced skills in this sector.

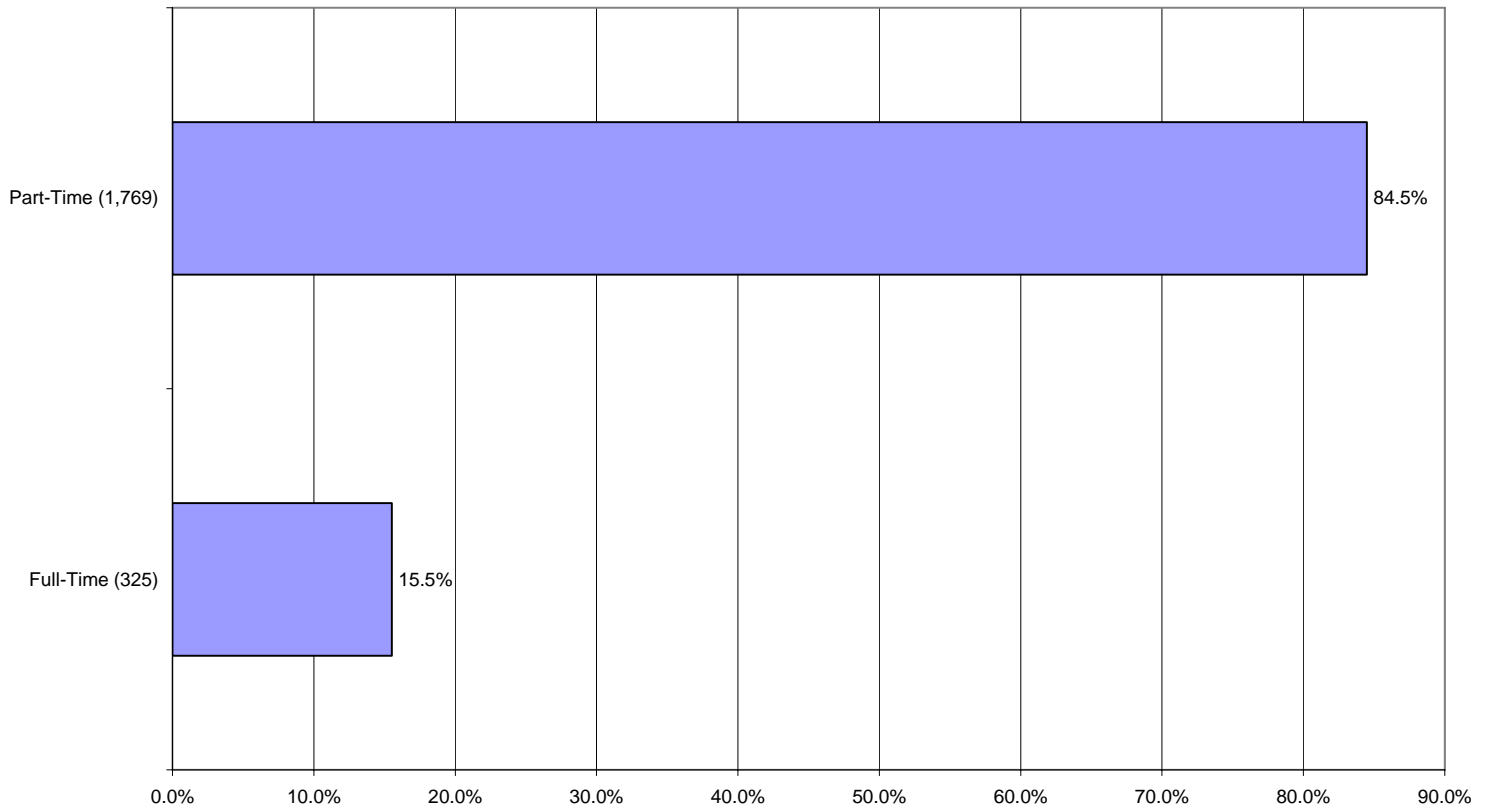

Figure 5: Change in construction, planning and the built environment learner numbers at level 4 and above by institution and level of qualification, 2005/06 to 2006/07

2.5 Level 3 Qualifications offered in Construction, planning and the built environment

Figure 6 provides a breakdown of the mode of study for Level 3 qualifications in Construction, planning and the built environment delivered in Greater Manchester in 2006/07. The most common mode of delivery was part-time which accounted for 84.5% of all provision (1,769 enrolments).

Figure 6: Level 3 Construction, planning and the built environment provision by mode of study (number of course enrolments shown in brackets)

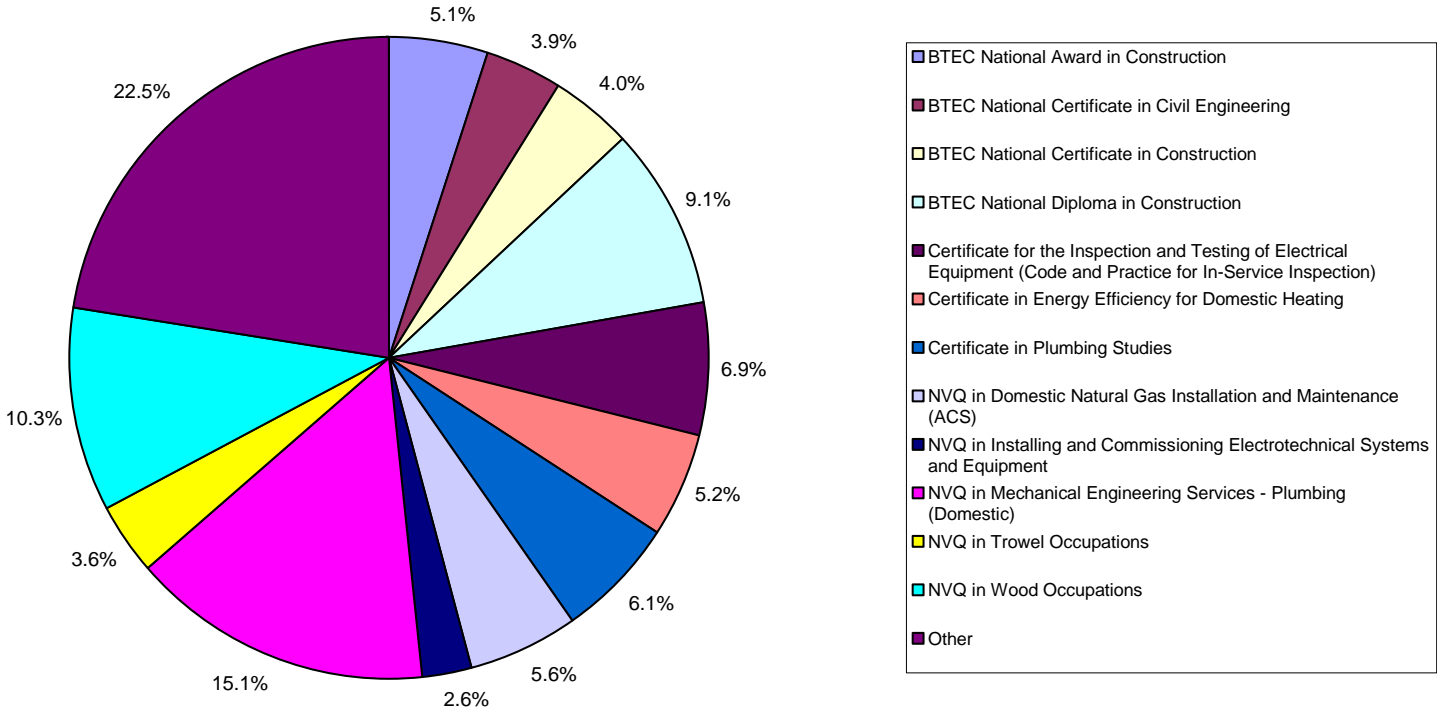

A total of 43 different courses and qualifications were offered in Construction, planning and the built environment in 2006/07 at Level 3 (see Annex 3 for a full list). Figure 5 shows the qualifications with the largest provision at Level 3 in Greater Manchester, these were:

- NVQ in Mechanical Engineering Services - Plumbing (Domestic) (316 learners);
- NVQ in Wood Occupations (216 learners);
- BTEC National Diploma in Construction (190 learners); and
- Certificate for the Inspection and Testing of Electrical Equipment (Code and Practice for In-Service Inspection) (144 learners)

In addition, a significant proportion of delivery at Level 3 in this sector subject area (22.5% or 472 learners) was spread amongst 31 courses with fewer than 50 participants (shown as 'other' in Figure 7).

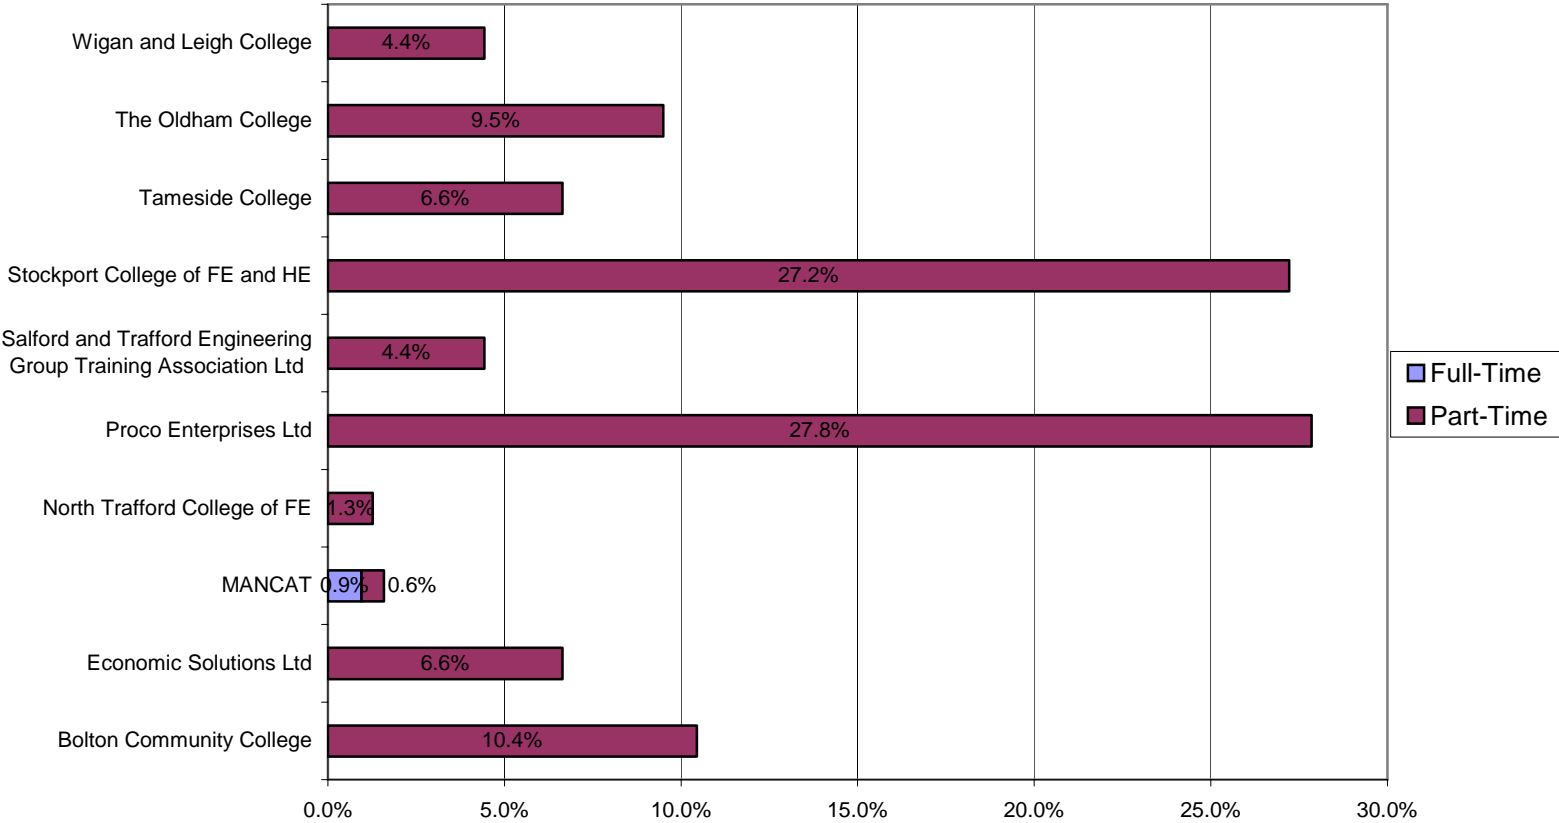

Figure 7: Key Level 3 qualifications as a proportion of total Construction, planning and the built environment Level 3 provision

NVQ in Mechanical Engineering Services - Plumbing (Domestic) was the course with the highest level of provision in Construction, planning and the built environment at Level 3. Figure 8 shows that:

- It was delivered solely by two institutions: Salford College (56% or 161 learners) and North Trafford College of Further Education (44% or 128 learners).
- It was primarily delivered as other part time (including e-learning) – 88% of learners (256 people) studied this way – although one in ten (9% or 24 learners) undertook the course full time for part of a year.

Figure 8: NVQ in Mechanical Engineering Services - Plumbing (Domestic) by institution and mode of delivery

NVQ in Wood Occupations has the next highest level of delivery at Level 3 in this sector subject area. Figure 9 shows that:

- It was delivered across 8 institutions: Bolton Community College (24.5% or 53 learners), Stockport College of Further and Higher Education (21.8% or 47 learners), The Oldham College (18.1% or 39 learners), Economic Solutions Ltd (12.0%), Hopwood Hall College (10.2% or 22 learners), Wigan and Leigh College (6.9% or 15 learners), Proco Enterprises Ltd (4.6% or 10 learners), North Lancs. Training Group Ltd (1.4% or 3 learners) and Salford College (0.5% or 1 learner).
- This course was delivered mainly through part-time learning (99.1% or 214 learners). Only 2 learners took a full-time NVQ Level 3 course in the most common modes of study being part-time (37% or 82 learners) and other part-time (including e-learning) (30% or 65 learners).

Figure 9: NVQ in Wood Occupations provision by institution and mode of delivery

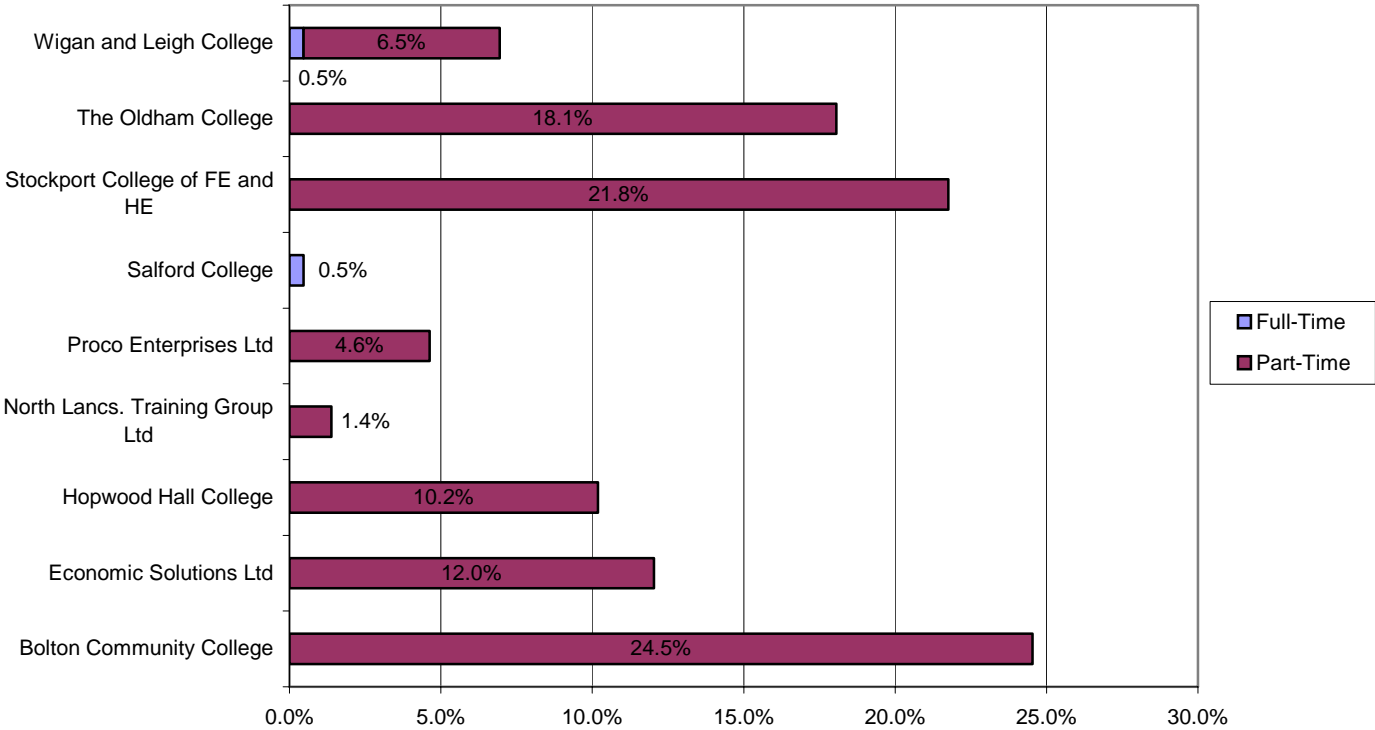

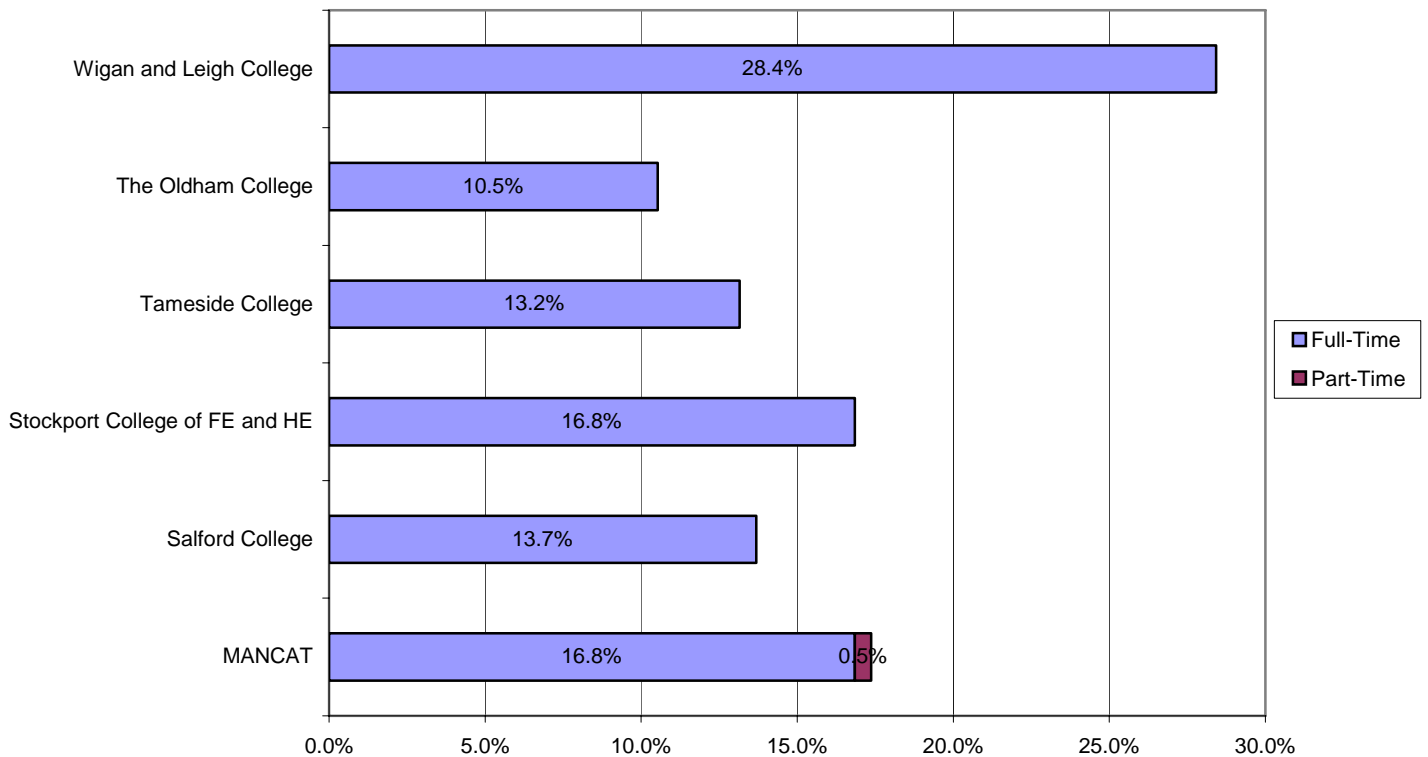

Figure 10 shows that **BTEC National Diploma in Construction** was:

- Delivered across six institutions: Wigan and Leigh College (28.4% or 54 learners), MANCAT (17.4% or 33 learners), Salford College (13.7% or 26 learners), Tameside College (13.2% or 25 learners), The Oldham College (10.5% or 20 learners), and Stockport College (16.8% or 32 learners).
- Almost all (99.5% or 189 learners) studied this course full time. Only one learner studied this course part-time.

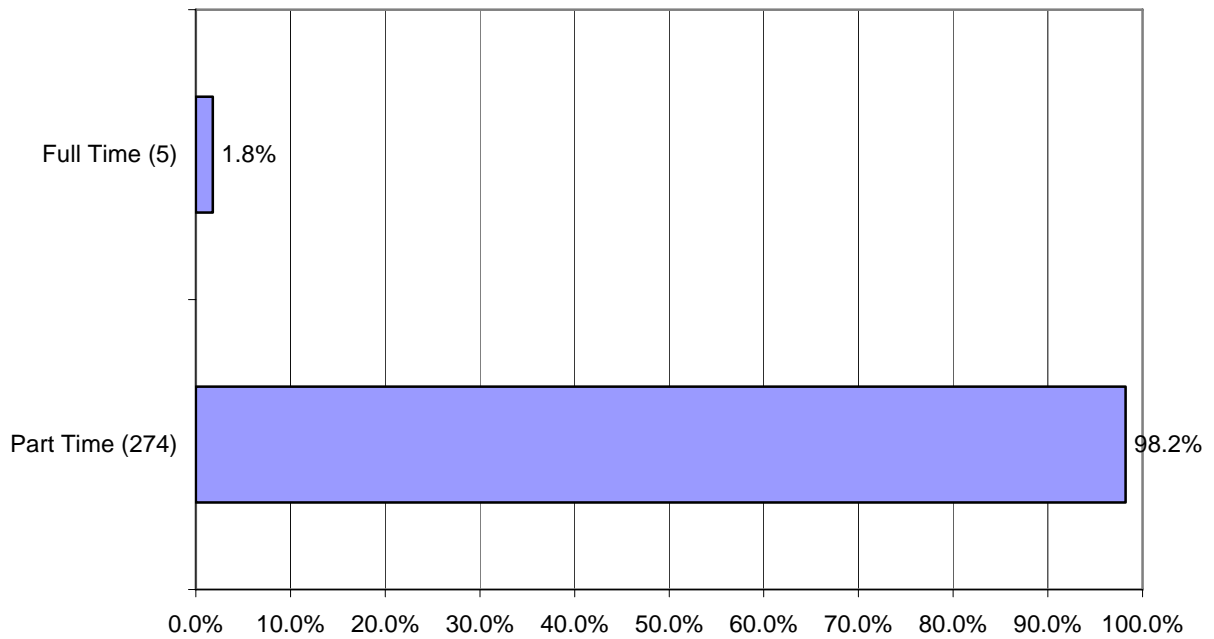

Figure 10: BTEC National Diploma in Construction provision by institution and mode of delivery

2.6 Level 4+ Qualifications offered in Construction, planning and the built environment

Figure 11 provides a breakdown of the mode of study for Level 4 and above qualifications in Construction, planning and the built environment delivered in Greater Manchester in 2006/7. In contrast to Level 3 provision, the most common mode of delivery was Part-time distance learning (85% or 256) followed by part-time evening (11% or 33).

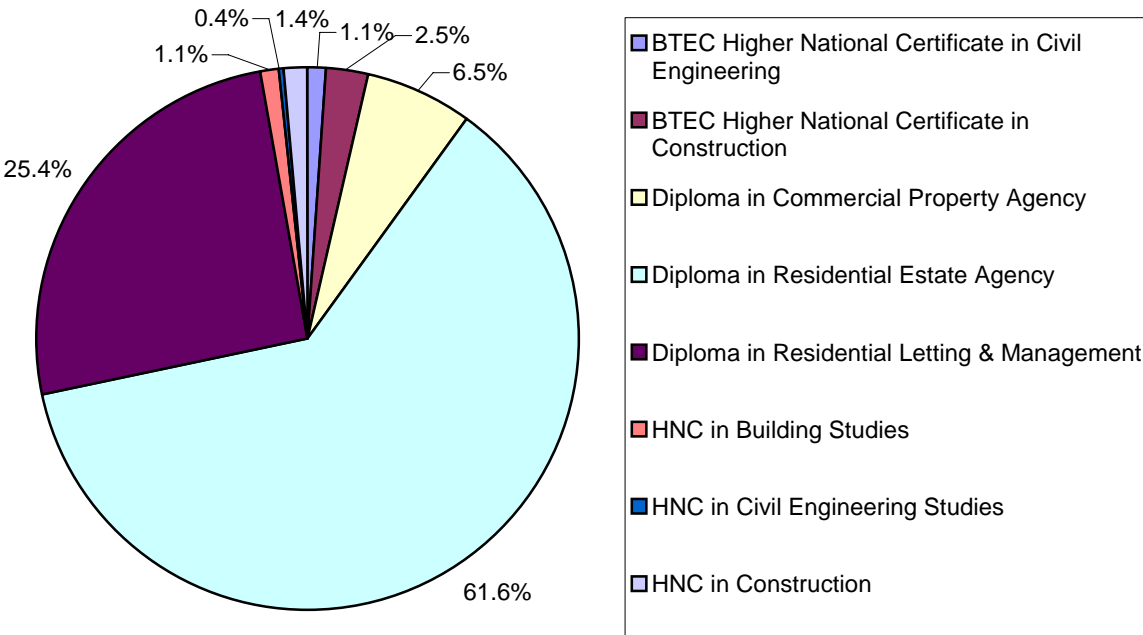

Figure 11: Level 4 and above Construction, Planning and the Built Environment provision by mode of study (number of courses shown in brackets)

A total of 8 different courses and qualifications were offered in Construction, planning and the built environment in 2006/7 at Level 4+ (see Annex 3 for a full list). Figure 12 shows all the courses at Level 4 and above provided in Greater Manchester. Those with the most provision were:

- Diploma in Residential Estate Agency (172);
- Diploma in Residential Letting & Management (71); and
- Diploma in Commercial Property Agency (18).

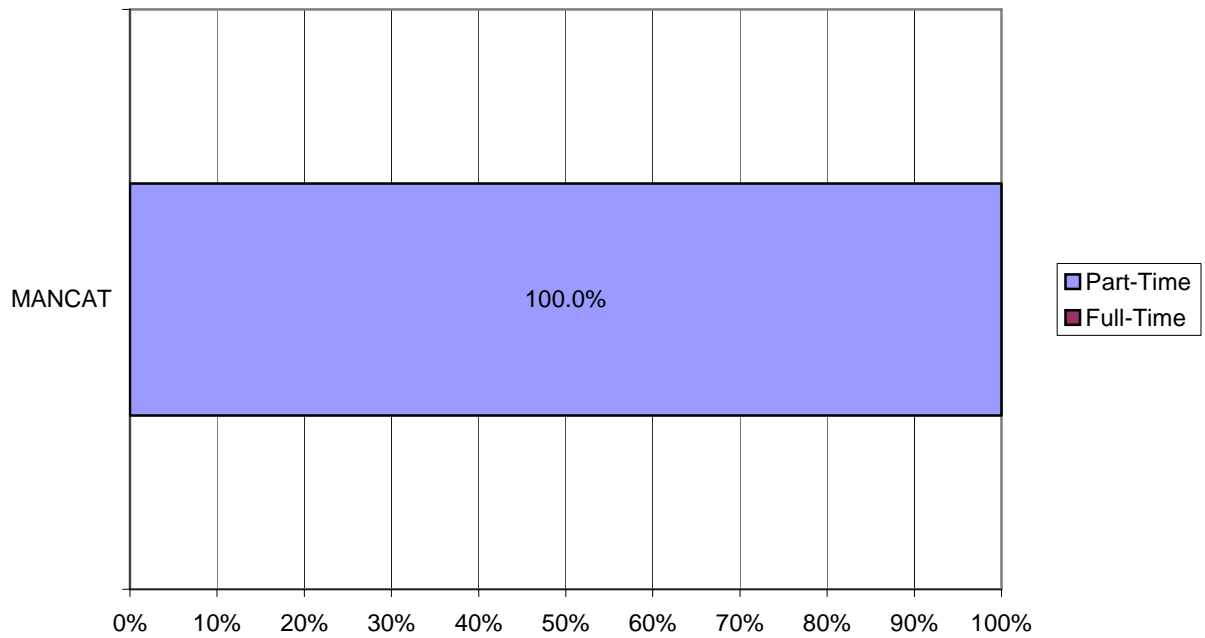

Figure 12: Key Level 4 qualifications as a proportion of total Construction, planning and the built environment Level 4 provision

Diploma in Residential Estate Agency was the qualification with most provision at Level 4 and above in Greater Manchester in 2006/07. Figure 13 shows that this course was:

- Delivered solely by MANCAT (172 learners).
- All learners (172 learners) studied through part-time learning; no full-time learning was provided.

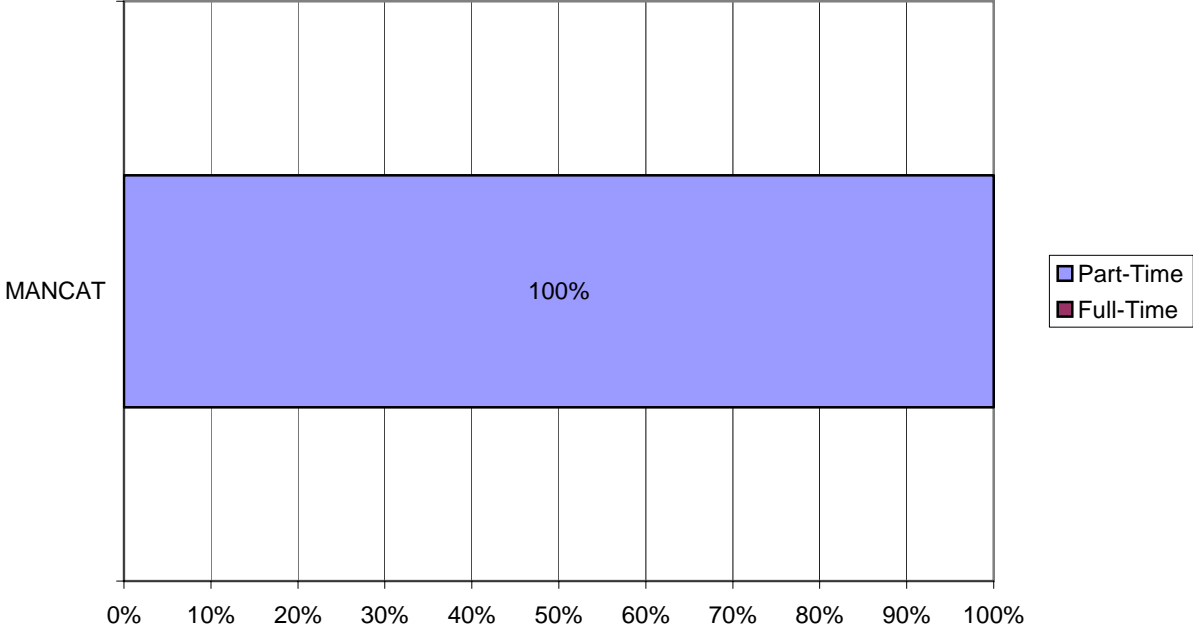

Figure 13: Diploma in Residential Estate Agency by provider and mode of delivery

Diploma in Residential Letting & Management has the next highest level of delivery at Level 4 and above in this sector subject area. Figure 14: shows that:

- It was delivered solely at MANCAT through part-time learning.

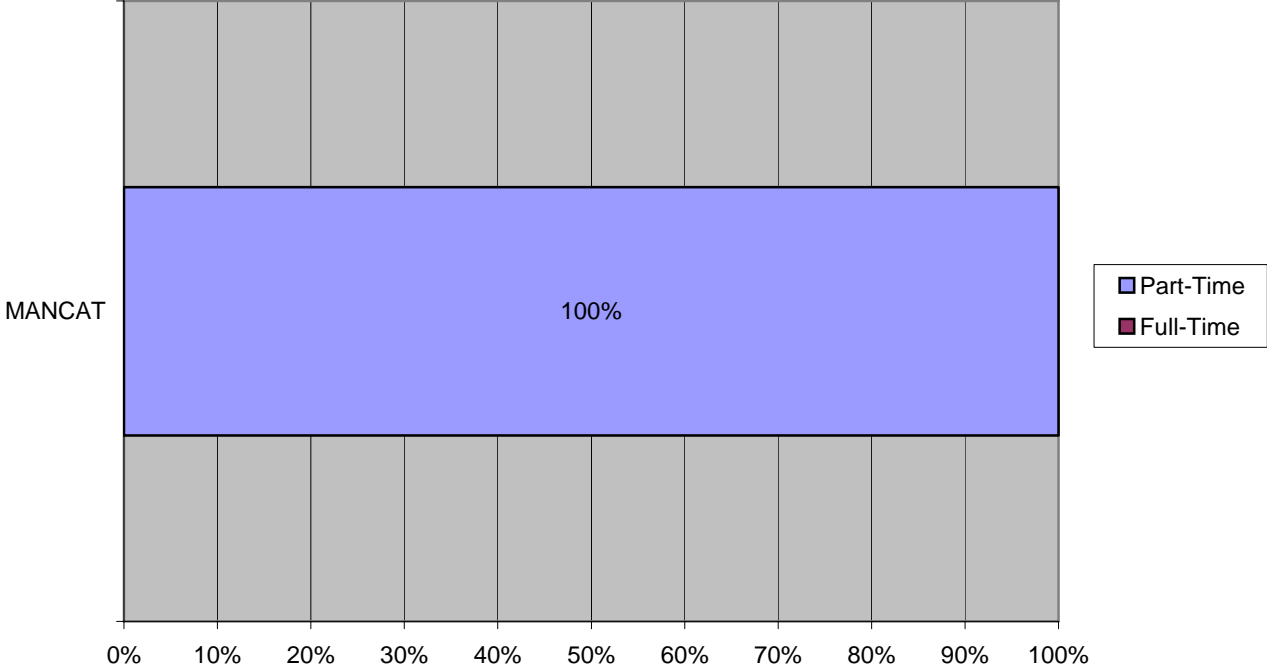

Figure 14: Diploma in Residential Letting and Management by provider and mode of delivery

Diploma in Commercial Property Agency has the next highest level of delivery at Level 4 and above in this sector subject area. Figure 14 shows that:

- It was delivered solely at MANCAT through part-time learning.

Figure 14: Diploma in Commercial Property Agency by provider and mode of delivery

3 Annex 1: Background LSC data, 2006-2007: Construction, planning and the built environment

Sorted by institution

Learning Aim	Course Title	Level	Mode	Provider	Number of learners
10017902	Advanced Construction Award	L3	Part Time	Bolton Community College	1
10015644	BTEC National Certificate in Civil Engineering	L3	Part Time	Bolton Community College	34
10015632	BTEC National Certificate in Construction	L3	Full Time	Bolton Community College	1
10015632	BTEC National Certificate in Construction	L3	Part Time	Bolton Community College	26
10012928	Certificate in Knowledge of Electrical Installation Engineering	L3	Part Time	Bolton Community College	47
10033579	Certificate in Plumbing Studies	L3	Part Time	Bolton Community College	8
100588	HNC in Civil Engineering Studies	L4+	Part Time	Bolton Community College	1
10019194	NVQ in Domestic Natural Gas Installation and Maintenance (ACS)	L3	Part Time	Bolton Community College	16
1003285X	NVQ in Mechanical Engineering Services - Plumbing (Domestic)	L3	Part Time	Bolton Community College	33
Q1027229	NVQ in Mechanical Engineering Services (Plumbing)	L3	Part Time	Bolton Community College	13
10029060	NVQ in Roof Slating and Tiling	L3	Part Time	Bolton Community College	2
10051089	NVQ in Roofing Occupations	L3	Part Time	Bolton Community College	11
10050929	NVQ in Trowel Occupations	L3	Part Time	Bolton Community College	4
10050954	NVQ in Wood Occupations	L3	Part Time	Bolton Community College	53
Q1053355	NVQ in Wood Occupations (Construction)	L3	Part Time	Bolton Community College	1
10043391	Certificate for the Inspection and Testing of Electrical Equipment (Code and Practice for In-Service Inspection)	L3	Part Time	Bury College	56
Q1053365	NVQ in Accessing Operations and Rigging (Construction)	L3	Part Time	Economic Solutions Ltd	1
Q1050903	NVQ in Construction Contracting	L3	Part Time	Economic Solutions Ltd	1
1005117X	NVQ in Decorative Finishing and Industrial Painting Occupations	L3	Part Time	Economic Solutions Ltd	4
10019194	NVQ in Domestic Natural Gas Installation and Maintenance (ACS)	L3	Part Time	Economic Solutions Ltd	47
Q1052155	NVQ in Installing and Commissioning Electrotechnical Systems and Equipment	L3	Part Time	Economic Solutions Ltd	11
Q1027261	NVQ in Mechanical Engineering Services - Commercial and Industrial Refrigeration other than Ammonia	L3	Part Time	Economic Solutions Ltd	2
10033725	NVQ in Mechanical Engineering Services - Heating and Ventilating (Rectification of Systems)	L3	Part Time	Economic Solutions Ltd	2
10033762	NVQ in Mechanical Engineering Services - Heating and Ventilating Installation	L3	Part Time	Economic Solutions Ltd	14
Q1027509	NVQ in Mechanical Engineering Services - Heating and Ventilating Installation	L3	Part Time	Economic Solutions Ltd	4
1003285X	NVQ in Mechanical Engineering Services - Plumbing (Domestic)	L3	Part Time	Economic Solutions Ltd	21

10033749	NVQ in Mechanical Engineering Services - Refrigeration and Air Conditioning	L3	Part Time	Economic Solutions Ltd	8
Q1027229	NVQ in Mechanical Engineering Services (Plumbing)	L3	Part Time	Economic Solutions Ltd	9
10033464	NVQ in Plant Maintenance	L3	Part Time	Economic Solutions Ltd	3
Q1022197	NVQ in Security Systems Technical Services	L3	Part Time	Economic Solutions Ltd	2
Q1052998	NVQ in Technical Design (Built Environment)	L3	Part Time	Economic Solutions Ltd	2
10050929	NVQ in Trowel Occupations	L3	Part Time	Economic Solutions Ltd	4

5 Annex 3: Background LSC data, 2006-2007: Construction, planning and the built environment

List of qualifications

Learning Aim	Course Title	Level	Number of learners
10017902	Advanced Construction Award	L3	38
10030505	BTEC Higher National Certificate in Civil Engineering	L4+	3
10030487	BTEC Higher National Certificate in Construction	L4+	7
10029126	BTEC National Award in Construction	L3	107
10015656	BTEC National Certificate in Building Services Engineering	L3	25
10015644	BTEC National Certificate in Civil Engineering	L3	82
10015632	BTEC National Certificate in Construction	L3	84
10015668	BTEC National Diploma in Building Services Engineering	L3	15
1001567X	BTEC National Diploma in Civil Engineering	L3	9
10015681	BTEC National Diploma in Construction	L3	190
10043391	Certificate for the Inspection and Testing of Electrical Equipment (Code and Practice for In-Service Inspection)	L3	144
10035114	Certificate in Complex Commercial Refrigeration and Air Conditioning Systems	L3	1
10047864	Certificate in Complex Domestic Natural Gas Installation and Maintenance	L3	34
10012904	Certificate in Electrical Installation Theory and Practice Part Two	L3	26
10035515	Certificate in Energy Efficiency for Domestic Heating	L3	70
50018498	Certificate in Energy Efficiency for Domestic Heating	L3	38
10012928	Certificate in Knowledge of Electrical Installation Engineering	L3	47
1004338X	Certificate in Management of Electrical Equipment Maintenance (Code of Practice for In-Service Inspection)	L3	19
10033579	Certificate in Plumbing Studies	L3	127
10025911	Certificate in Site Supervisory Studies	L3	17
104064	CG 2360-03 Electrical Installation Course C	L3	4
104077	CG 2400 Design Erection and Verification of Electrical Installations	L3	1
10037172	Diploma in Commercial Property Agency	L4+	18
10036556	Diploma in Residential Estate Agency	L4+	172
10036921	Diploma in Residential Letting & Management	L4+	71
233011	Domestic Gas Meters	L3	1

100573	HNC in Building Studies	L4+	3
100588	HNC in Civil Engineering Studies	L4+	1
241137	HNC in Construction	L4+	4
Q1053365	NVQ in Accessing Operations and Rigging (Construction)	L3	1
Q1028193	NVQ in Building Services Engineering - Site Supervision	L3	4
Q1050903	NVQ in Construction Contracting	L3	4
1005117X	NVQ in Decorative Finishing and Industrial Painting Occupations	L3	24
10019194	NVQ in Domestic Natural Gas Installation and Maintenance (ACS)	L3	118
10038619	NVQ in Fenestration Installation and Surveying	L3	3
Q1052155	NVQ in Installing and Commissioning Electrotechnical Systems and Equipment	L3	54
Q1027261	NVQ in Mechanical Engineering Services – Commercial and Industrial Refrigeration other than Ammonia	L3	6
10033725	NVQ in Mechanical Engineering Services - Heating and Ventilating (Rectification of Systems)	L3	2
10033762	NVQ in Mechanical Engineering Services - Heating and Ventilating Installation	L3	23
Q1027509	NVQ in Mechanical Engineering Services - Heating and Ventilating Installation	L3	5
1003285X	NVQ in Mechanical Engineering Services - Plumbing (Domestic)	L3	316
10033749	NVQ in Mechanical Engineering Services - Refrigeration and Air Conditioning	L3	13
Q1027229	NVQ in Mechanical Engineering Services (Plumbing)	L3	41
Q1027621	NVQ in Mechanical Engineering Services (Plumbing)	L3	1
10033464	NVQ in Plant Maintenance	L3	3
10029060	NVQ in Roof Slating and Tiling	L3	3
10051089	NVQ in Roofing Occupations	L3	11
Q1022197	NVQ in Security Systems Technical Services	L3	5
Q1052998	NVQ in Technical Design (Built Environment)	L3	14
10050929	NVQ in Trowel Occupations	L3	76
Q1053352	NVQ in Trowel Occupations (Construction)	L3	16
10050954	NVQ in Wood Occupations	L3	216
Q1053355	NVQ in Wood Occupations (Construction)	L3	44
ZUNA305A	Unitisation (approved external qualification) Level 3, Construction, Planning and the Built Environment (SSA 5), PW A	L3	12
