## 1 Introduction, Methodology and Structure

Manchester Enterprises (ME) was commissioned by the Greater Manchester Strategic Alliance (GMSA) in February 2008 to undertake an analysis of 2006/07 Learning and Skills Council (LSC) provision of Level 3 and above qualifications within Greater Manchester. This report is one of seven, each of which look at provision in one of the following LSC sector subject areas:

- Health, Public Services and Care
- Agriculture, Horticulture and Animal Care
- Construction, Planning and the Built Environment
- Information and Communication Technology
- Retail and Commercial Enterprise
- Arts, Media and Publishing
- Business, Administration and the Law

This report focuses on provision in the Health, Public Services and Care sector subject area.

ME used Level 3+ supply data for qualifications delivered by Greater Manchester institutions obtained from the LSC's 2006/07 Individualised Learner Record. This data provides a detailed picture of LSC Level 3+ supply, allowing analysis by

- course title;
- level of qualification;
- mode of delivery (e.g. full-time, part-time); and
- institution/provider.

It should be noted that there will be some cases of double counting within the data caused by learners undertaking more than one course (for example, when a student takes two or more AS Levels) although, due to the complexities of the qualifications framework, it is not possible to easily quantify the impact of this on individual skills outcomes. Further, the data excludes non-LSC funded Level 3+ data (such as that delivered via Greater Manchester's Higher Education Institutions). Therefore the report provides results which should be interpreted as being broadly indicative of current supply but not a precise measure of future skills outcomes. Notably, not all returns for Greater Manchester are recorded. National training providers with head offices elsewhere in the country may provide returns data to their local LSC, rather than to the local LSC where the qualifications were taken.

---

In addition, work-based learning (WBL) data is provided, yet as data was not available for last year, these figures cannot be compared. WBL data is presented separate to FE data to allow FE data comparisons. All WBL courses are classed as part-time, and so adding this data to the FE data would significantly skew the proportion of courses taken being part-time. There are significantly fewer WBL course enrolments funded by the LSC than FE courses, and so a shorter analysis of WBL courses is presented.

The remainder of the report is structured as follows:

- **Types of qualifications offered in Health, Public Services and Care.** This section examines which institutions had provision in Health, Public Services and Care in 2006/07, what type of provision this is (e.g. National Certificate, National Diploma, 'A' Levels), and whether the mode of delivery is full-time or part-time.
- **Geographical distribution of Health, Public Services and Care provision.** This section examines the provision in terms of the number of learners, level of qualification, and institutional and geographical 'hotspots'.
- **Analysis of the change between qualification enrolments from 2005/6 and 2006/7.** This section examines the changes in further education (FE) enrolments between the two years in level of qualification, institutional provision and mode of delivery (e.g. full-time and part-time).
- **Level 3 FE Qualifications offered in Health, Public Services and Care.** This section analyses the Level 3 FE supply data in some detail, looking specifically at the major qualifications/courses offered in terms of the location and the mode of delivery.
- **Level 4+ FE Qualifications offered in Health, Public Services and Care.** This final section analyses the Level 4+ FE supply data in some detail, looking specifically at the major qualifications/courses offered in terms of the location and the mode of delivery.
- **Level 3 and above WBL Qualifications offered in Health, Public Services and Care.** This section analyses the Level 3 and above WBL supply data in some detail, looking specifically at the major qualifications/courses offered in terms of the location and the mode of delivery.

---

## 2 Results

### 2.1 Types of FE qualifications offered in Health, Public Services and Care

Figure 1 (overleaf) shows that 27 institutions in Greater Manchester offer FE courses at Level 3 and above in Health, Public Services and Care. The table shows provision broken down by the number in full-time and part-time learning (if no figures are shown then the institution had no provision for that qualification in 2006/07). Numbers shown in Figure 1 will not sum to those shown in Figure 3 in section 2.3, as Figure 1 excludes records that do not constitute a full qualification (such as NVQ units) and records that cannot be assigned to a specific qualification outcome (such as unspecified approved external qualification).<sup>1</sup>

**Numbers in Figure 1 are intended for information only as they involve a certain amount of subjective judgement. Therefore, when quoting figures, wherever possible please use numbers from Figure 3 which are taken directly from the LSC's ILR.**

In terms of types of qualification offered, Stockport College has the greatest variety of provision with courses leading to 14 different qualifications, followed by MANCAT which offers 11 different qualifications. The most widely offered qualifications were a Level 3 Diploma, a National Certificate and an NVQ Level 3, all of which were offered by 17 institutions. The Level 3 Diploma had 1,829 enrolments in 2006/07, whilst the NVQ Level 3 had 2,825 enrolments. Comparatively, the National Certificate had 701 enrolments, less than half the enrolments on the National Diploma, which with 1,678 enrolments is the third most widely taken FE course.

---

<sup>1</sup>

*For example, records that have been excluded from this section include:*

- *Unitisation (approved external qualification) Level 3, Health, Public Services and Care (SSA 1), PW B; and*
- *Non-externally certificated FE other provision, Level 3, Health, Public Services and Care (SSA 1), PW A*

*These were excluded because they are only partial elements of full courses, or because they have not been matched to a qualification type. As such, the use of these figures in the analysis is unnecessary.*

Definitions of the qualifications offered are as follows:

***Access Course:***

The main aim of Access programmes is to prepare adult learners from non-traditional backgrounds and under-represented groups for admission to undergraduate education. Most access courses last between six months and a year.

***Advanced VCE:***

Advanced Vocational Certificates of Education (Advanced VCEs) are qualifications which have the same value as GCEs (A-levels) but have a work-related emphasis and can also be taken as a double award.. They have replaced Advanced GNVQs (General National Vocational Qualifications) that were offered from 1992-1999.

***Advanced Certificate:***

Designed to give Managers and Supervisors the skills to effectively manage their business through a combination of training and self-study.

***Advanced Diploma:***

An advanced diploma is equivalent to a HND and counts towards the first two years of a Bachelors degree, or 240 credits.

***Award:***

A vocational qualification equivalent to NVQ level 3.

***National Award:***

A practical, work-related course, this is the lower level BTEC or equivalent qualification. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to one 'A' level.

***National Certificate:***

A practical, work-related course, this is the mid level BTEC or equivalent qualification. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to two 'A' levels.

***National Diploma:***

A practical, work-related course, this is the higher-level BTEC or equivalent. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to three 'A' levels.

---

**NVQ Level 3:**

National Vocational Qualifications (NVQs) are work-related qualifications designed for progression to work in specific industries. There are five levels, ranging from Foundation Skills (Level 1) to Chartered, Professional and Senior Management Occupations (Level 5). The first three levels can be studied at 16, but the other two require more experience. NVQ Level 3 is equivalent to two 'A' levels.

**NVQ Level 4+:**

National Vocational Qualifications (NVQs) are work-related qualifications designed for progression to work in specific industries. There are five levels, ranging from Foundation Skills (Level 1) to Chartered, Professional and Senior Management Occupations (Level 5). The first three levels can be studied at 16, but the other two require more experience.

**'A' Level:**

Advanced Subsidiary/Advanced Level (AS Level/'A' Level) certificates are offered in a wide variety of subjects, some of which are more vocational in nature. A full 'A' level is made up of six units: three AS units in the first year and a further three units called A2 in the second year. Most students take three or four AS subjects in the first year and carry three on as A2 subjects in the second year to gain full 'A' levels.

**Certificate (Level 3):**

A vocational qualification equivalent to NVQ level 3.

**Diploma (Level 3)**

A vocational qualification equivalent to NVQ level 3.

**Diploma (Level 4+)**

A vocational qualification equivalent to NVQ level 4 and above.

**Professional Diploma:**

A high-level vocational qualification designed for those already working within the subject field and who want to progress to a managerial role.

**HNC:**

Higher National Certificates (HNCs) normally take two years to complete and are the equivalent to the first year of a bachelor's degree. They are offered in many subject areas and are normally vocationally related.

---

***HND:***

Higher National Diplomas (HNDs) take two years to complete and are equivalent to the first two years of a bachelor degree. HND courses are more vocational than degree courses and often contain more practical work than theory. The entry requirements are different to degrees, normally requiring one A level or its equivalent.

***AS Level / A2 Level:***

Advanced Subsidiary/Advanced Level (AS Level/'A' Level) certificates are offered in a wide variety of subjects, some of which are more vocational in nature. A full 'A' level is made up of six units: three AS units in the first year and a further three units called A2 in the second year. Most students take three or four AS subjects in the first year and carry three on as A2 subjects in the second year to gain full 'A' levels.

***BA (Hons):***

A BA (Hons) is a primarily academic course, typically three years in length, on subjects in the arts and humanities. Although primarily academic there is a variable but often minimal vocational element, dependent on the subject studied.

***Foundation Degree:***

The foundation degree is a new vocational qualification geared to providing students with higher level skills suited to the needs of employers, and its roots lie in the BTEC higher national. Often it combines the level of academic achievement in a normal degree with specific business, specialist and technical skills needed in the workplace. In some cases, it provides the opportunity for adults with work experience, knowledge and skills to progress to higher education with no formal qualifications.

***Technical Award:***

The technical award is designed as an introduction to the knowledge and understanding required by those working with natural gas. It covers the law and practice of natural gas safety in England and Wales and is based on a syllabus derived from the National Occupational Standards (NOS) for some gas-related occupations.

---

## 2.2 Types of WBL qualifications offered in Health, Public Services and Care

Figure 2, overleaf, highlights the level of work-based learning (WBL) in Greater Manchester recorded on the LSC's ILR. WBL enrolments are all part-time, and in the Health, Public Services and Care sector are only NVQ's. Level 3 provision had the greatest number of enrolments, forming 99.2% of all enrolments (1,527 learners). Comparatively, there were only 13 learners enrolled in NVQ Level 4, 5 or higher courses.

Non-college providers constituted the largest proportion of enrolments in Greater Manchester for WBL providers. These providers may not be all the data available, as some providers train individuals without reporting returns to the local LSC. For example, national providers may train individuals within GM but provide no returns to the GM LSC, instead providing data for the location of their head office which may be elsewhere.

Non-college training institutions provided nearly two-thirds (62.3%) of learner enrolments in 2006/07, and 12 out of the total 13 enrolments in level 4, 5 or higher WBL qualifications. Bury College had by far the greatest provision of WBL qualifications, with 342 enrolments (22.2% of all enrolments). This was followed by Economic Solutions Ltd (with 166 enrolments) and Start Training (Manchester) Ltd (with 157 enrolments).

WBL data was unavailable in the 2005/06 year. This meant that WBL data is incomparable over time, as opposed to the total FE data which was supplied last year. Any comparisons over time will feature only the FE data. This also explains the high numbers of non-college training institutions comparative to last year, as most of these provided WBL courses.

### 2.3 Geographical distribution of Health, Public Services and Care

Figure 3 (overleaf) shows FE learner numbers by institution, the level of qualification undertaken and the mode of study.

- There were a total number of 11,874 courses delivered at Level 3 and above in Greater Manchester in 2006/07 of which nine-tenths (91.0% or 10,801) were at Level 3.
- The largest providers in terms of number of learners was MANCAT (1,697), followed by the newly merged Trafford College (1,345) and City College Manchester (973). 8 further colleges had provision of over 400 students in this sector subject area.
- The mode of provision was split roughly in half between full-time and part-time (5,910 full-time courses were delivered at Level 3 and above compared to 5,964 part-time courses).
- However, at Level 4, 5 or higher, the majority of provision (95.7% or 1,027) was delivered as part-time.

The four maps overleaf show the geographical spread of provision as described in Figure 3.

- Map 1 shows that the distribution of full-time Level 3 provision is fairly evenly spread across the sub-region;
- Map 2 shows that, for part-time Level 3 provision, there is a particular concentration in the conurbation core, though there are also some pockets in other areas; and
- Maps 3 and 4 highlights that the majority of full-time and part-time Level 4+ provision is concentrated in the south of the sub-region.

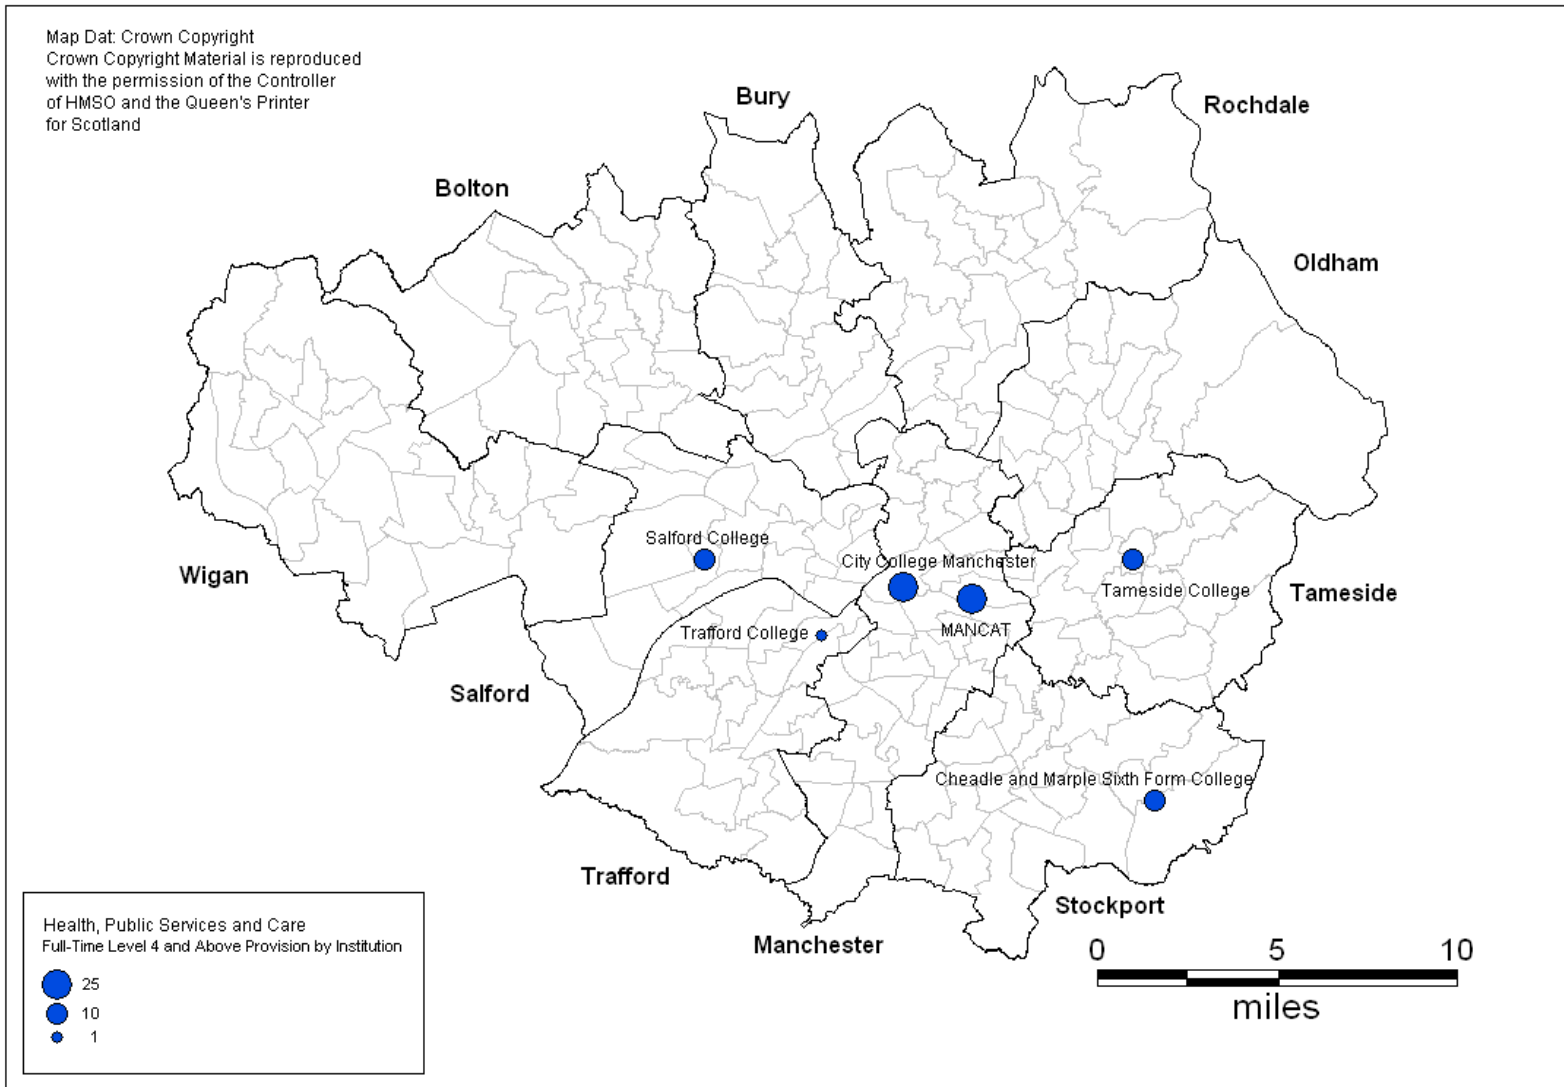

**Map 1: Geographical distribution of full-time FE Level 3 LSC provision in Health, Public Services and Care by location of institution, 2006/07**

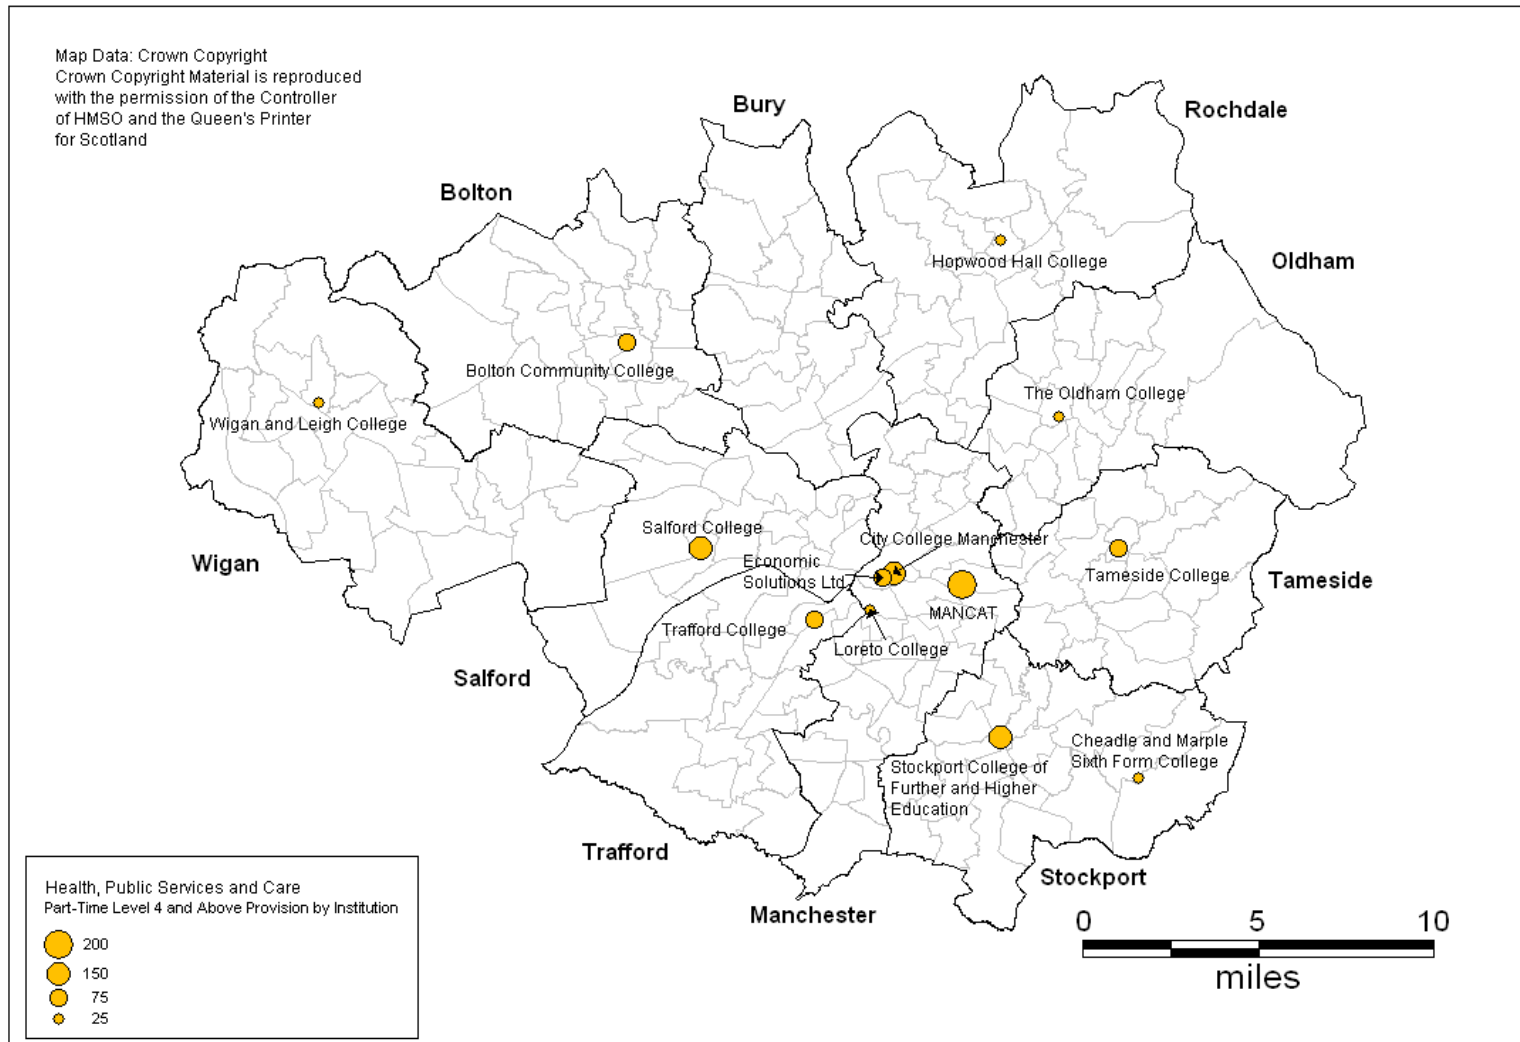

**Map 2: Geographical distribution of part-time FE Level 3 LSC provision in Health, Public Services and Care by location of institution, 2006/07**

**Map 3: Geographical distribution of full-time FE Level 4 LSC provision in Health, Public Services and Care by location of institution, 2006/07**

**Map 4: Geographical distribution of part-time FE Level 4 LSC provision in Health, Public Services and Care by location of institution, 2006/07**

## 2.4 Change in FE provision between 2005/06 and 2006/07

Figure 4 (overleaf) highlights the change in provision between 2005/06 and 2006/07 of all Health, Public Services and Care qualifications provided by institutions in Greater Manchester. The analysis shows that the total provision of these qualifications has increased between 2005/06 and 2006/07 by +270 (an increase of +2.3%). This is largely due to the growth in full-time provision from 5,422 in 2005/06 to 5,910 in 2006/07. This constitutes a increase in learner numbers of +488 (a +9.0% increase).

Part-time provision of these qualifications is the most common mode of delivery, with 5,964 learners in 2006/07. This has decreased slightly by –218 learners since 2005/06. Whereas in 2005/06, there were 760 more learners taking part-time courses than full-time courses, the difference in numbers between the two modes of delivery is just 54 in 2006/07.

The largest increase in provision between 2005/06 and 2006/07 was experienced in Trafford College – formerly South Trafford College and North Trafford College, combined to create a comparable statistic over the two periods. Combining to create Trafford College, South and North Trafford Colleges saw an increase of +444 learners between 2005/06 and 2006/07 (+49.3%). Wigan and Leigh College also experienced a significant increase in learner numbers from 546 in 2005/06 to 737 in 2006/07 (+191 learners, or +35.0%).

The largest decreases in provision were experienced at Stockport College of Further and Higher Education (amalgamating North Area College and Stockport College data from 2005/06), where there was a decrease of -225 learners (-21.5%) and Salford College, with a decrease of –172 learners (-17.8%).

## 2.5 Level 3 FE Qualifications offered in Health, Public Services and Care

Figure 5 provides a breakdown of the mode of study for Level 3 FE qualifications in Health, Public Services and Care delivered in Greater Manchester in 2006/07, as well as a comparison with 2005/06. The most common mode of delivery was part-time in both periods. Part-time learners accounted for 50.2% of all provision in 2006/07 (5,964 learners), down from 53.3% (6,182 learners) in 2005/06. The gap between the provision of part-time and full-time study has decreased, with a relatively greater proportion of LSC-funded full-time aims in 2006/07 (49.8%, or 5,910 learners) compared to 2005/06 (46.7%, or 5,422 learners). The percentage point difference has decreased from 6.5 percentage points to just 0.5. In the same period, total provision of courses has increased from 11,604 learners in 2005/06 to 11,874 in 2006/07.

**Figure 5: Level 3 FE Health, Public Services and Care provision by mode of study, 2005/06 to 2006/07**

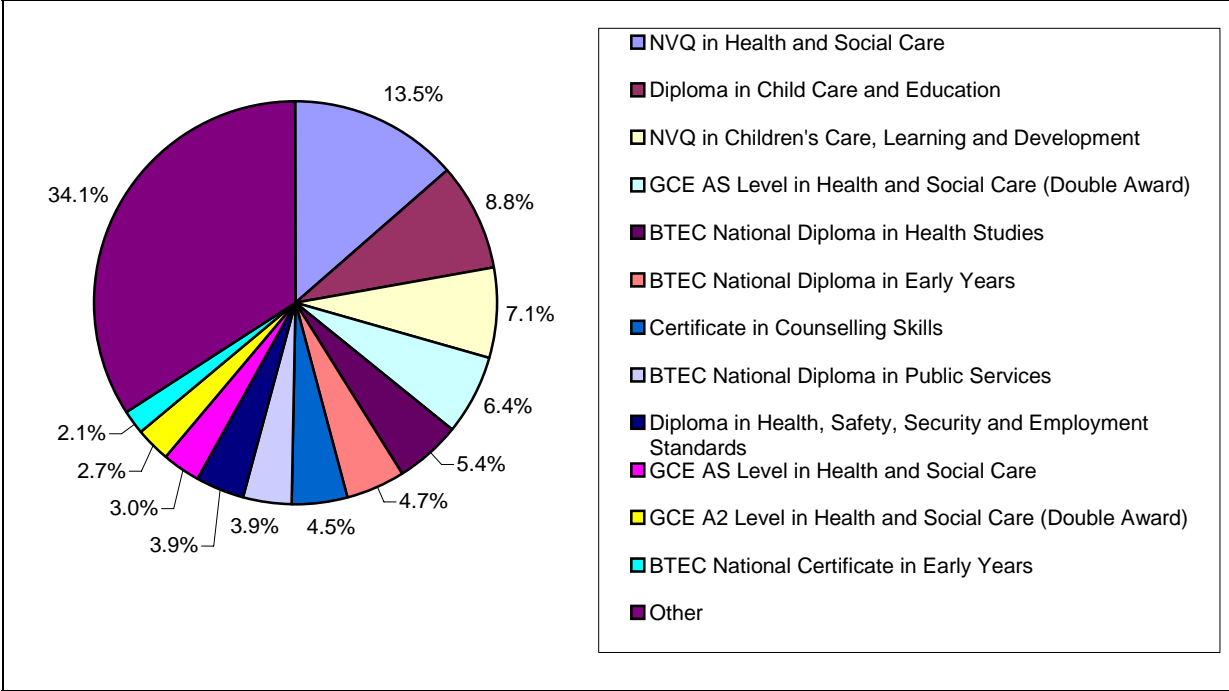

A total of 76 different courses and qualifications were offered in Health, Public Services and Care in FE in 2006/07 at Level 3 (see Annex 3 for a full list), excluding part-courses, course conversions, or course units that do not make a whole qualification. Figure 6 shows the qualifications with the largest provision at Level 3 in Greater Manchester. These were:

- NVQ in Health and Social Care (1,372 learners)
- Diploma in Child Care and Education (893 learners)
- NVQ in Children’s Care, Learning and Development (724 learners)
- GCE AS Level in Health and Social Care (Double Award) (648)
- BTEC National Diploma in Health Studies (552 learners)

In addition, over one-third of delivery at Level 3 in this sector subject area (34.1% or 3,469 learners) was spread amongst 64 courses with fewer than 200 participants across Greater Manchester (shown as ‘other’).

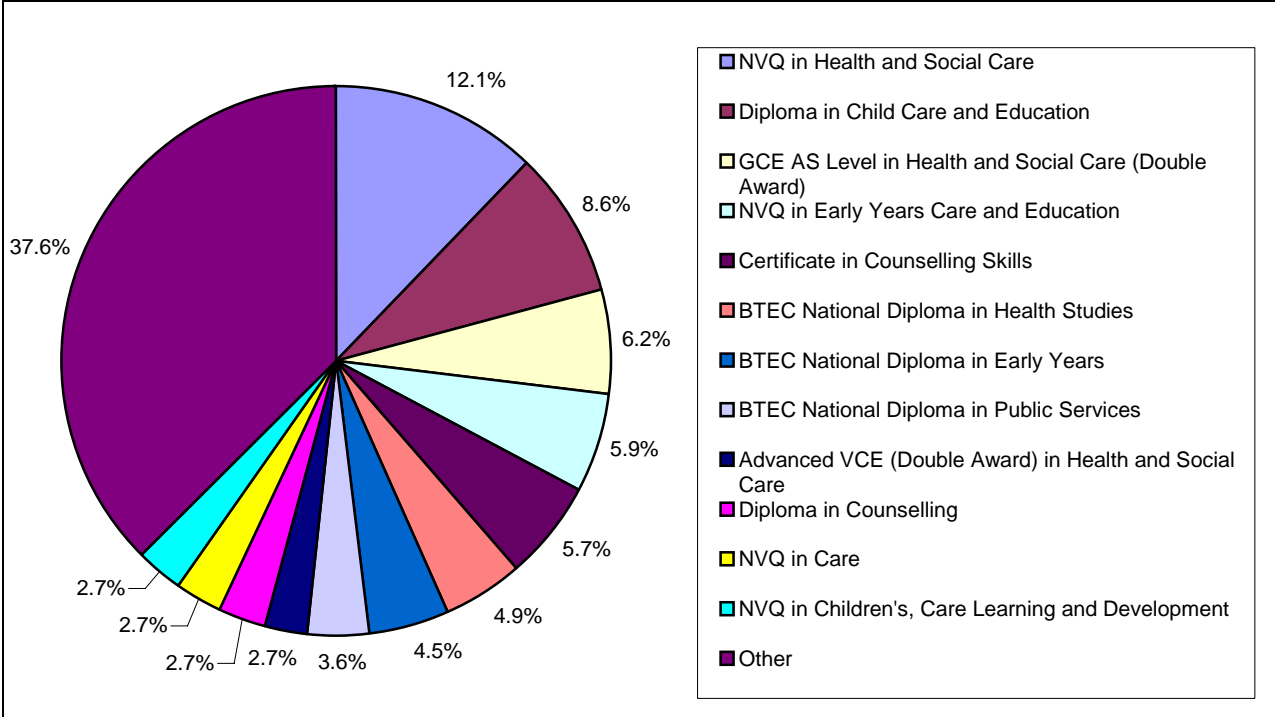

**Figure 6 Key Level 3 qualifications as a proportion of total FE Health, Public Services and Care Level 3 FE provision, 2006/07**

2006/07 figures did not differ significantly from 2005/06. Courses with under 200 learners consisted of the greatest proportion of the total number of learners (37.6%, nearly two-fifths) in 2005/06, as shown in figure 7, below. In addition, the ranking order of the courses by number of learners was different. The NVQ in Children’s Care, Learning and Development constituted a greater proportion of all learners in 2006/07 (7.1%, or 724 learners) than in 2005/06 (2.7%, or 263 learners).

Changes in the proportion and number of learners on the main courses are explored overleaf.

**Figure 7 Key Level 3 qualifications as a proportion of total FE Health, Public Services and Care Level 3 FE provision, 2005/06**

---

**NVQ in Health and Social Care** was the course with the highest level of provision in Health, Public Services and Care at Level 3 in FE. Analysis of figures in Annex 2 shows that:

- It was delivered across 15 institutions
- There were concentrations of delivery at City College Manchester (28.0% or 384 learners), Salford College (16.9% or 232 learners) and MANCAT (14.1% or 193 learners)
- This course was predominantly delivered on a part-time basis (94.9% or 1,302 learners).

**Diploma in Child Care and Education** has the next highest level of delivery at Level 3 in this sector subject area. Analysis of figures in Annex 2 shows that:

- It was delivered solely at Level 3
- It was delivered by 13 institutions
- The largest providers were: Bury College (20.6% or 184 learners), The Oldham College (12.4% or 111 learners) and Trafford College (11.5% or 103 learners)
- It was primarily delivered as a full-time course – 98.2% (877 learners) studied this way.

**NVQ in Children’s Care, Learning and Development** had the third highest level of delivery at Level 3 in this sector subject area. Annex 2 shows that:

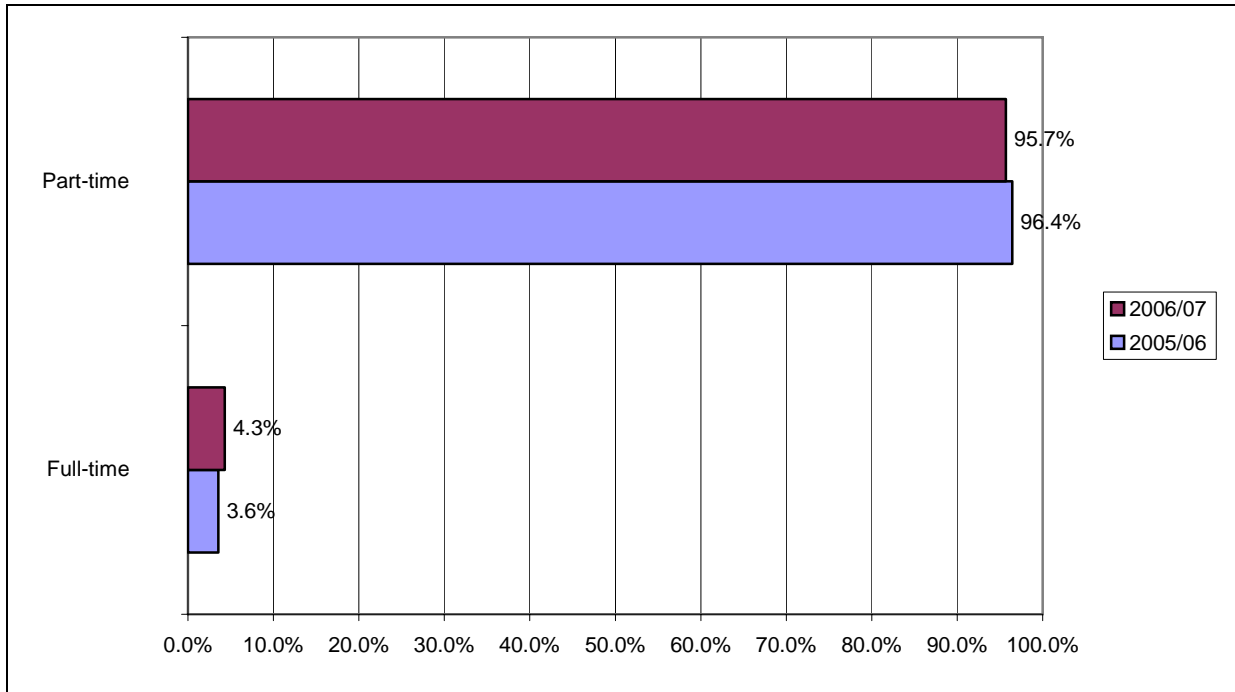

- It was delivered in 12 institutions,
- There were concentrations of delivery at Trafford College (27.2% or 197 learners) Salford College (12.0% or 87 learners) and MANCAT (11.0% or 80 learners).
- It was mainly delivered as part-time course – 84.1% of courses (609 learners) were delivered this way.

---

## 2.6 Level 4+ FE Qualifications offered in Health, Public Services and Care

Figure 8 provides a breakdown of the mode of study for Level 4 and above qualifications in Health, Public Services and Care delivered in Greater Manchester in 2006/07. The most common mode of delivery was part-time (95.7% or 1,027). This proportion has decreased slightly from the 96.4% of learners (975 learners) enrolling in this mode of delivery in 2005/06.

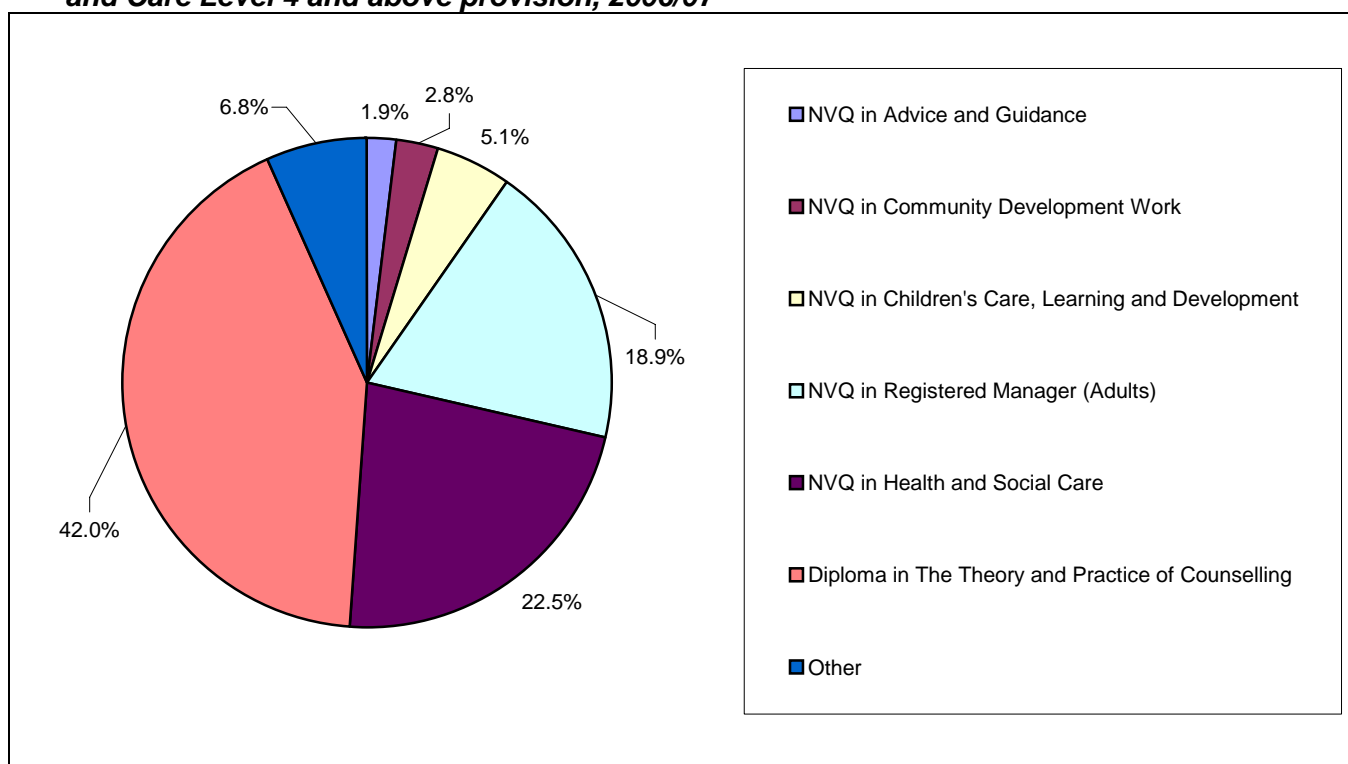

**Figure 8 Level 4 Health, Public Services and Care provision by mode of study, 2005/06 and 2006/07**

A total of 15 different courses and qualifications were offered in Health, Public Services and Care in 2006/07 at Level 4+ (see Annex 3 for a full list). Figure 9 shows the courses at Level 4 and above in Greater Manchester. Those with the most provision were:

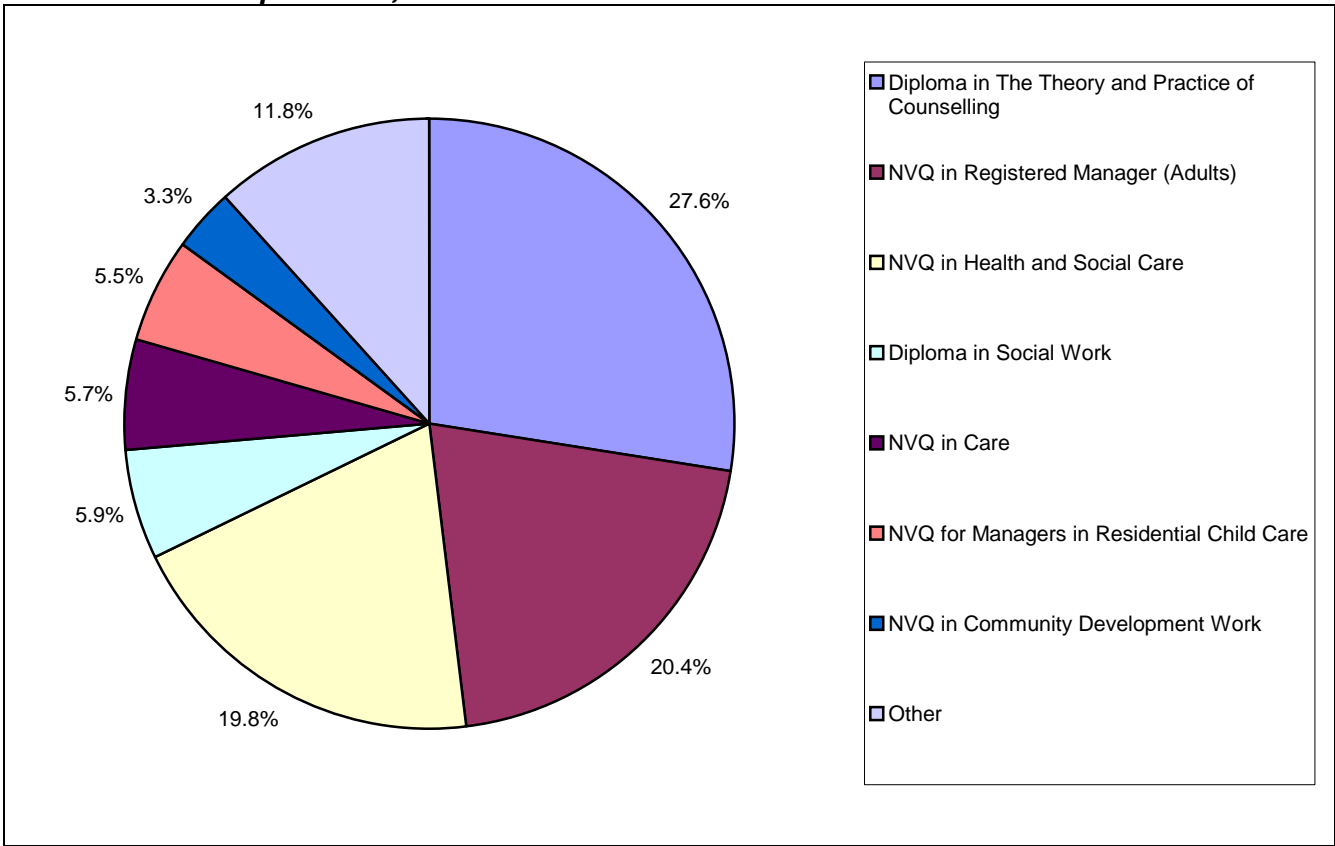

- Diploma in The Theory and Practice of Counselling (451 learners)
- NVQ in Health and Social Care (241 learners)
- NVQ in Registered Manager (Adults) (203 learners)
- NVQ in Children's Care, Learning and Development (55 learners)

**Figure 9 Key Level 4 qualifications as a proportion of total FE Health, Public Services and Care Level 4 and above provision, 2006/07**

There was a slight difference in level 4 and above qualification provision between 2005/06 and 2006/07. A total of 24 different courses and qualifications were offered in Health, Public Services and Care in 2005/06 compared with 15 in 2006/07. Figure 10 shows the courses at Level 4 and above in Greater Manchester in 2005/06. Those with the most provision were the Diploma in The Theory and Practice of Counselling (27.6%, or 279 learners); the NVQ in Registered Manager (Adults) (20.4%, or 206 learners); and the NVQ in Health and Social Care (19.8%, or 200 learners). Those with less than 30 learners are classed in figure 9 as 'Other'.

**Figure 10 Key Level 4 qualifications as a proportion of total FE Health, Public Services and Care Level 4 and above provision, 2005/06**

---

**Diploma in The Theory and Practice of Counselling** was the course with the most provision in this sector subject area. Analysis of Annex 2 shows that:

- It was delivered by seven institutions (as in 2005/06), with a particular concentration at MANCAT (41.0%, or 185 learners) and Salford College (18.6%, or 84 learners).
- The mode of delivery was mostly part-time (96.2% or 434 learners).
- Provision was up 172 learners in 2006/07 (an increase of 61.6%), from 279 learners in 2005/06.

**NVQ in Health and Social Care** was:

- Delivered by nine institutions; there was a particular concentration of delivery at City College Manchester (50.2% or 121 learners).
- Almost all of the provision was delivered as part-time (91.7% or 221 learners).
- Provision was up 21 learners in 2006/07 (an increase of 10.5%), compared to 200 learners in 2005/06. This change made the NVQ in Health and Social Care the second most popular level 4 and above Health, Public Services and Care funded course in 2006/07, as opposed to the third most popular in 2005/06.

**NVQ in Registered Manager (Adults)** was

- Delivered by eight institutions.
- City College Manchester (21.1% or 43 learners), Economic Solutions Limited (17.7% or 36 learners), and Salford College (16.7% or 34 learners) and had the largest concentrations of delivery.
- Most of the provision was delivered as other part-time (95.6% or 194 learners).
- Provision of the NVQ in Registered Manager (Adults) fell by 3 learners in 2006/07, from 206 learners in 2005/06. This contributed to this qualification becoming the third most popular FE funded course in Health, Public Services and Care in 2006/07, down from second position in 2005/06.

---

## **2.7 Level 3 and above WBL qualifications offered in Health, Public Services and Care**

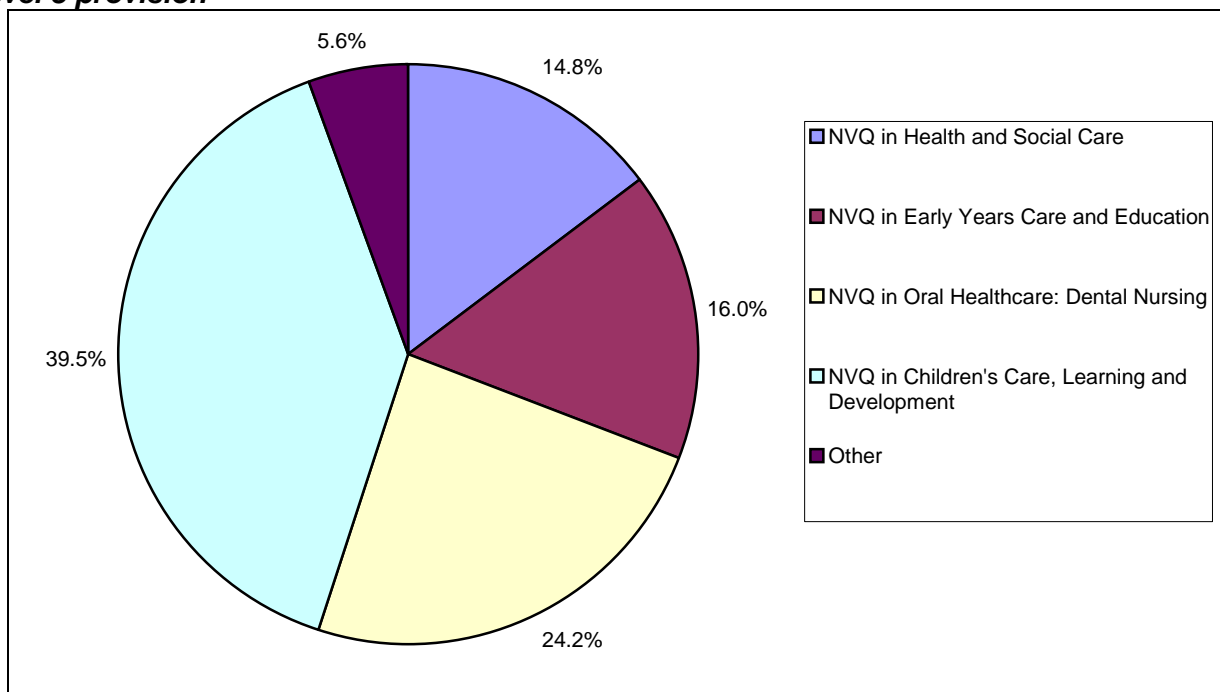

WBL data cannot be compared with previous data as this is unavailable. In addition, this data is presented separate from FE data as this allows comparison of FE statistics over time. WBL learner numbers are significantly smaller than FE learner numbers, and make up around 11.5% of all reported learner numbers. As discussed above, all WBL courses are NVQ's, with the majority of learners (99.2%, or 1,527 learners) taking Level 3 courses.

A total of 10 WBL courses and qualifications were offered in Health, Public Services and Care in 2006/07. Three of these – the NVQ in Health and Social Care, the NVQ in Early Years Care and Education and the NVQ in Children's Care, Learning and Development – are available at Level 3 and above, whereas the rest were only offered at Level 3. The most widely taken WBL Level 3 courses are:

- NVQ in Children's Care, Learning and Development (603 learners)
- NVQ in Oral Healthcare: Dental Nursing (369 learners)
- NVQ in Early Years Care and Education (244 learners)
- NVQ in Health and Social Care (226 learners)

Figure 11, overleaf, highlights the major WBL Level 3 qualifications taken. All other courses are marked 'Other'.

**Figure 11 Key Level 3 qualifications as a proportion of total WBL Health, Public Services and Care Level 3 provision**

Only 13 learners, by comparison, are reported to have taken Level 4 and above WBL courses in Health, Public Services and Care. The greatest proportion of these individuals (6 learners) took the NVQ in Early Years Care and Education, provided by GDN Childcare Training Ltd.

**NVQ in Children's Care, Learning and Development (Level 3)** was the course with the most WBL provision in this sector subject area. Analysis of WBL data shows that:

- It was delivered by 17 institutions.
- There were particular concentrations at Bury College (24.2%, or 146 learners) and GDN Childcare Training Ltd. (12.8%, or 77 learners).

**NVQ in Oral Healthcare: Dental Nursing** was:

- Delivered by 5 institutions.
- There were significant concentrations at Start Training (Manchester) Ltd (42.5%, or 157 learners) and at Bury College (35.0%, or 129 learners).

---

**NVQ in Early Years Care and Education was:**

- Delivered by 15 institutions.
- There were WBL concentrations at Training West Lancashire Ltd (16.4%, or 40 learners), Alliance Learning Ltd (11.9%, or 29 learners) and Bury College (11.1%, or 27 learners).

**NVQ in Health and Social Care was:**

- Delivered by 10 institutions.
- There was a particular concentration of delivery at Economic Solutions Ltd (25.2% or 57 learners) and at Alliance Learning Ltd (24.3% or 55 learners).
