1 Introduction, Methodology and Structure

Manchester Enterprises (ME) was commissioned by the Greater Manchester Strategic Alliance (GMSA) in February 2008 to undertake an analysis of 2006/07 Learning and Skills Council (LSC) provision of Level 3 and above qualifications within Greater Manchester. This report is one of seven, each of which look at provision in one of the following LSC sector subject areas:

- Health, Public Services and Care
- Agriculture, Horticulture and Animal Care
- Construction, Planning and the Built Environment
- Information and Communication Technology
- Retail and Commercial Enterprise
- Arts, Media and Publishing
- Business, Administration and Law

This report focuses on provision in the Information and Communication Technology sector subject area.

ME used Level 3+ supply data for qualifications delivered by Greater Manchester institutions obtained from the LSC's 2006/07 Individualised Learner Record. This data provides a detailed picture of LSC Level 3+ supply, allowing analysis by

- course title;
- level of qualification;
- mode of delivery (e.g. full-time, part-time); and
- institution/provider.

It should be noted that there will be some cases of double counting within the data caused by learners undertaking more than one course (for example, when a student takes two or more AS Levels) although, due to the complexities of the qualifications framework, it is not possible to easily quantify the impact of this on individual skills outcomes. Further, the data excludes non-LSC funded Level 3+ data (such as that delivered via Greater Manchester's Higher Education Institutions). Therefore the report provides results, which should be interpreted as being broadly indicative of current supply but not a precise measure of future skills outcomes. Notably, not all returns for Greater Manchester are recorded. National training providers with

head offices elsewhere in the country may provide returns data to their local LSC, rather than to the local LSC where the qualifications were taken.

In addition, work-based learning (WBL) data are provided. However, as last year's WBL data is not available, these figures cannot be compared. WBL data is presented separate to further education (FE) data to allow FE comparisons. All WBL courses are classed as part-time, and so adding this data to the FE data would significantly skew the proportion of courses taken being part-time. There are significantly fewer WBL course enrolments funded by the LSC than FE courses, and so a shorter analysis of WBL courses is presented.

The remainder of the report is structured as follows:

- **Types of qualifications offered in Information and Communication Technology.**
This section examines which institutions had provision in Information and Communication Technology in 2006/07, what type of provision this is (e.g. National Certificate, National Diploma, 'A' Level), and whether the mode of delivery is full-time or part-time.
- **Geographical distribution of Information and Communication Technology provision.** This section examines the provision in terms of the number of learners, level of qualification, and institutional and geographical 'hotspots'.
- **Analysis of the change between qualification enrolments from 2005/6 and 2006/7.**
This section examines the changes in further education (FE) enrolments between the two years in level of qualification, institutional provision and mode of delivery (e.g. full-time and part-time).
- **Level 3 FE Qualifications offered in Information and Communication Technology.**
This section analyses the Level 3 FE supply data in some detail, looking specifically at the major qualifications/courses offered in terms of the location and the mode of delivery.
- **Level 4+ FE Qualifications offered in Information and Communication Technology.**
This final section analyses the Level 4+ FE supply data in some detail, looking specifically at the major qualifications/courses offered in terms of the location and the mode of delivery.
- **Level 3 and above WBL Qualifications offered in Information and Communication Technology.** This section analyses the Level 3 and above WBL supply data in some detail, looking specifically at the qualifications/courses offered in terms of the location and the delivery institutions.

2 Results

2.1 Types of FE qualifications offered in Information and Communication Technology

Figure 1 (overleaf) shows that 26 institutions in Greater Manchester offer courses at Level 3 and above in Information and Communication Technology. The table shows provision broken down by the number in full-time and part-time learning (if no figures are shown then the institution had no provision for that qualification in 2006/07). Numbers shown in Figure 1 will not sum to those shown in Figure 2, as Figure 1 excludes records that do not constitute a full qualification (such as NVQ units) and records that cannot be assigned to a specific qualification outcome (such as unspecified approved external qualification).¹

Numbers in Figure 1 are intended for information only as they involve a certain amount of subjective judgement. Therefore when quoting figures, wherever possible please use numbers from Figure 2 which are taken directly from the LSC's ILR.

In terms of types of qualification offered, Manchester College of Arts and Technology (MANCAT) had the greatest variety of provision, offering courses that led to 11 different potential outcomes. The most common types of qualifications were an AS Level (2,300 learners, or 43.5%) and an A2 Level (1,225 learners, or 23.2%), both of which were offered by 19 institutions. Bury College was the only institution to offer an Advanced Diploma in this subject area, whilst Eccles Colleges provided the only level 4 and above certificate.

¹

For example, records that have been excluded from this section include:

- *Unitisation (approved external qualification) Level 3, Information and Communication Technology (SSA 6), PW B; and*
- *Credit Achievement Code (OCN) Level 3, PW B, Information and Communication Technology (SSA 6)*

These were excluded because they are only partial elements of full courses, or because they have not been matched to a qualification type. As such, the use of these figures in the analysis is unnecessary.

Definitions of the qualifications offered are as follows:

Access Course:

The main aim of Access programmes is to prepare adult learners from non-traditional backgrounds and under-represented groups for admission to undergraduate education. Most access courses last between six months and a year.

City & Guilds:

City and Guilds is a nationally recognised vocational qualification that provides the background knowledge and skills in a specific work related area. City and Guilds courses are arranged as a series of modules that can be credited individually or combined with other modules to form certificates or diplomas.

ECDL:

The European Computer Driving Licence (or ECDL) is a pan-European qualification that demonstrates competence in essential computer skills & knowledge. The ECDL qualification comprises two parts, which are recognised qualifications in their own right. These are known as the BCS Level 1 Certificate for IT Users and the BCS Level 2 Certificate for IT Users. The units of these two qualifications relate directly to the 7 modules that make up the European Computer Driving Licence (ECDL). The level 3 qualification advances these skills and is known as the Advanced ECDL.

National Award:

A practical, work-related course, this is the lower level BTEC or equivalent qualification. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to one 'A' level.

National Certificate:

A practical, work-related course, this is the mid level BTEC or equivalent qualification. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to two 'A' levels.

National Diploma:

A practical, work-related course, this is the higher-level BTEC or equivalent. Learning is conducted through completion of projects and assignments that are based on realistic workplace situations, activities and demands. It is equivalent to three 'A' levels.

A Level:

Advanced Subsidiary/Advanced Level (AS Level/'A' Level) certificates are offered in a wide variety of subjects, some of which are more vocational in nature. A full 'A' level is made up of

six units: three AS units in the first year and a further three units called A2 in the second year. Most students take three or four AS subjects in the first year and carry three on as A2 subjects in the second year to gain full 'A' levels.

AS Level / A2 Level:

Advanced Subsidiary/Advanced Level (AS Level/'A' Level) certificates are offered in a wide variety of subjects, some of which are more vocational in nature. A full 'A' level is made up of six units: three AS units in the first year and a further three units called A2 in the second year. Most students take three or four AS subjects in the first year and carry three on as A2 subjects in the second year to gain full 'A' levels.

NVQ Level 3:

National Vocational Qualifications (NVQs) are work-related qualifications designed for progression to work in specific industries. There are five levels, ranging from Foundation Skills (Level 1) to Chartered, Professional and Senior Management Occupations (Level 5). The first three levels can be studied at 16, but the other two require more experience. NVQ Level 3 is equivalent to two 'A' levels.

Advanced Diploma:

An advanced diploma is equivalent to a HND and counts towards the first two years of a Bachelors degree, or 240 credits.

Certificate (Level 3):

A vocational qualification equivalent to NVQ level 3.

Certificate (Level 4+):

A vocational qualification equivalent to NVQ level 4 and above.

Diploma (Level 3)

A vocational qualification equivalent to NVQ level 3.

HNC:

Higher National Certificates (HNCs) normally take two years to complete and are the equivalent to the first year of a bachelor's degree. They are offered in many subject areas and are normally vocationally related.

Foundation Degree:

The foundation degree is a new vocational qualification geared to providing students with higher level skills suited to the needs of employers and its roots lie in the BTEC higher

national. Often it will combine the level of academic achievement in a normal degree with specific business, specialist and technical skills needed in the workplace. In some cases, they provide the opportunity for adults with work experience, knowledge and skills to progress to higher education with no formal qualifications.

2.2 Types of WBL qualifications offered in Information and Communication Technology

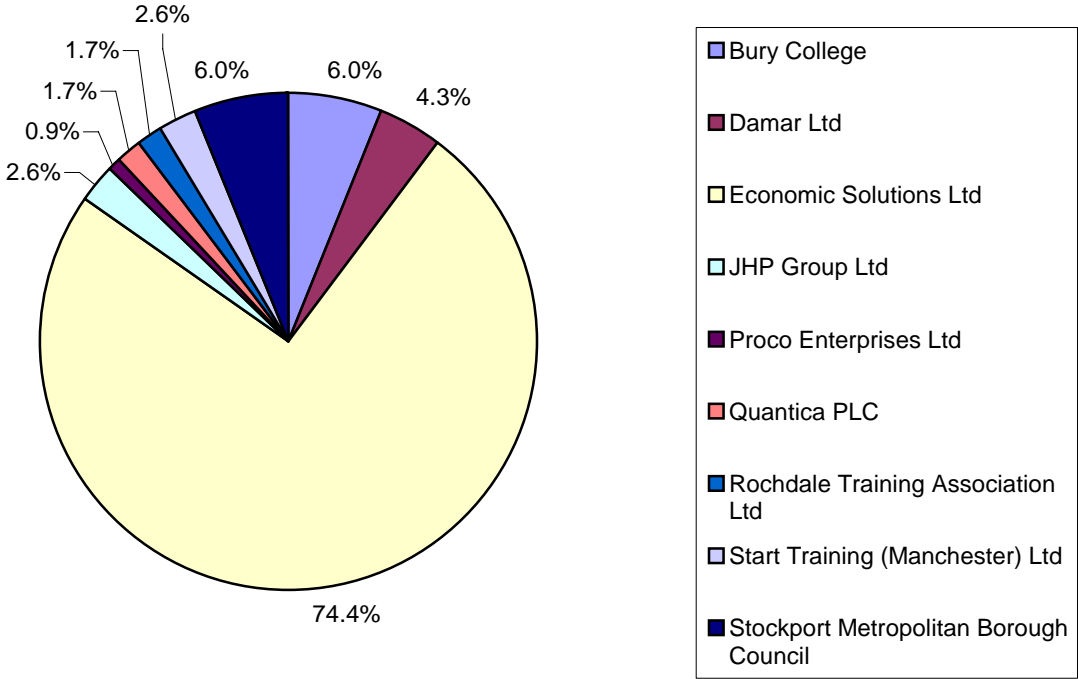

Figure 2 (overleaf) highlights the level of work-based learning (WBL) in Greater Manchester recorded on the LSC's ILR. WBL enrolments are all part-time, and in the Information and Communication Technology sector, are only Level 3 NVQ's. 117 learners were recorded as having taken WBL courses in Greater Manchester in 2006/07.

Non-college institutions provided the only recorded WBL courses in Greater Manchester. Reported data from these providers may not be all the qualifications taken, as some providers train individuals without reporting returns to the local LSC. For example, national providers may train individuals within GM but provide no returns to the GM LSC, instead providing data for the location of their head office, which may be elsewhere.

Economic Solutions Ltd had by far the greatest provision of WBL qualifications with 87 enrolments (79.1% of all WBL enrolments). This was followed by Bury College and Stockport Metropolitan Borough Council (each with 7 enrolments, or 6.4%).

WBL data was unavailable in the 2005/06 year. This meant that WBL data is incomparable over time, as opposed to the total FE data that was supplied last year. Any comparisons over time will feature only the FE data.

Figure 2: Greater Manchester institutions with WBL provision in Information and Communication Technology, 2006-2007

2.3 Geographical distribution of Information and Communication Technology FE provision

Figure 3 (overleaf) shows learner numbers by institution, the level of qualification undertaken and the mode of study. There were a total number of 6,333 courses delivered at Level 3 and above in Greater Manchester in 2006/07 of which almost all (98.5% or 6,238) were at Level 3.

The largest provider in terms of number of learners was MANCAT (720 learners, or 11.4%), followed by Cheadle and Marple Sixth Form College (486 learners, or 7.7%), Trafford College (474 learners, or 7.5%) and Bury College (400 learners, or 6.3%). A further 9 colleges had between 200 and 400 learners in this subject area, showing the importance to the sub-region of the Information and Communication Technology sector.

Nearly nine-tenths (83 learners, or 87.4%) of provision at Level 4, 5 or higher (75% or 33 learners) was delivered by MANCAT; the remainder was delivered by Trafford College (3 learners), Tameside College (3), Stockport College of Further and Higher Education (2), Wigan and Leigh College (2), Eccles College and Hopwood Hall College (both 1 learner).

The four maps overleaf show the geographical spread of provision as described in Figure 2.

- Map 1 shows that the distribution of full-time Level 3 provision across Greater Manchester is spread widely across the sub-region.
- Map 2 shows that part-time Level 3 provision is distributed across colleges and local authority districts in the south of the sub-region.
- Map 3 shows that there is very little full-time Level 4+ provision but what is delivered is concentrated in MANCAT.
- Finally, Map 4 shows that part-time Level 4+ provision is also concentrated in MANCAT.

Map 4 Geographical distribution of part-time Level 4+ LSC provision in Information and Communication Technology by location of institution

2.4 Change in FE provision between 2005/06 and 2006/07

Figure 4 (overleaf) highlights the change in provision between 2005/06 and 2006/07 of all Information and Communication Technology qualifications provided by institutions in Greater Manchester. The analysis shows that the total provision of these qualifications has decreased between 2005/06 and 2006/07 by -341 (-5.1%). This is due to decreases in both part-time and full-time courses. Decreases in both modes of delivery were equivalent in absolute terms but because of their initial enrolment numbers, part-time courses saw the greatest proportional decrease from 1,268 in 2005/06 to 1,080 in 2006/07 (-188 learners or -14.8%).

Full-time provision of these qualifications is the most common mode of delivery, with 5,253 learners in 2006/07. This has decreased by -153 learners (-2.8%) since 2005/06. The difference between full-time and part-time provision is 4,173 learners in 2006/07, up slightly from 4,138 in 2005/06.

The largest increase in provision between 2005/06 and 2006/07 was in Manchester College of Arts and Technology (MANCAT), which experienced an increase of 65 learners (9.9%). This was followed by Cheadle and Marple Sixth Form College, which experienced an increase of 60 learners from 426 in 2005/06 to 486 in 2006/07 (+14.1%).

The largest decreases in provision were experienced at The Oldham College, where there was a decrease of -112 learners (-60.5%) and Salford College, with a decrease of -110 learners (-83.3%).

2.5 Level 3 FE Qualifications offered in Information and Communication Technology

Figure 5 provides a breakdown of the mode of study for Level 3 qualifications in Information and Communication Technology delivered in Greater Manchester in 2006/07, as well as a comparison with 2005/06. The most common mode of delivery was full-time in both periods, which accounted for 83.6% of all provision (5,253 learners) in 2006/07, up from 81.3% (5,406 learners) in 2005/06. The gap between full-time and part-time study has therefore increased by 4.6 percentage points, from 62.6 percentage point difference in 2005/06 to 67.2 percentage points in 2006/07.

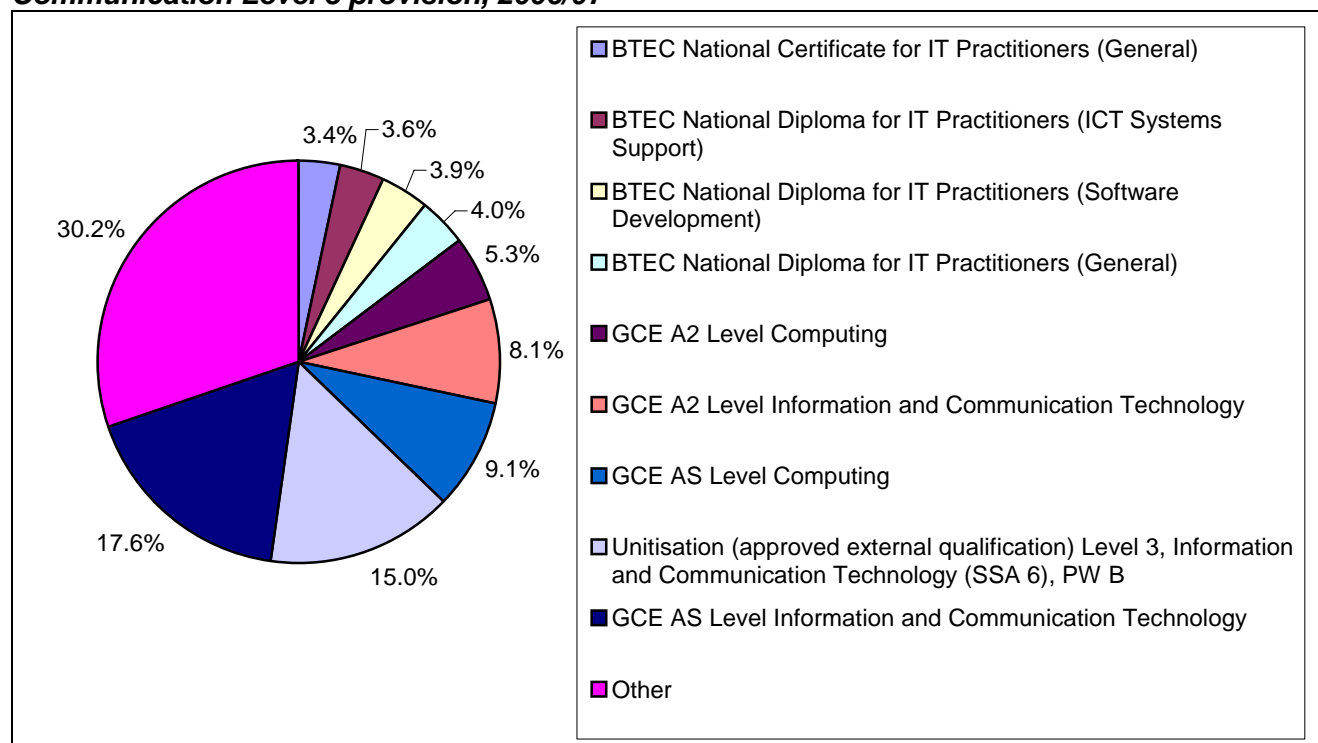

Figure 5: Level 3 Information and Communication Technology FE provision by mode of study, 2005/06 and 2006/07

A total of 51 different courses and qualifications were offered in Information and Communication Technology at Level 3 in 2006/07 (see Annex 3 for a full list). Figure 6 shows the qualifications with the largest Level 3 provision in Greater Manchester, these were:

- GCE AS Level Information and Communication Technology (1,097 learners);
- Unitisation (approved external qualification) Level 3, Information and Communication Technology (SSA 6), PW B (933 learners);
- GCE AS Level Computing (565 learners);
- GCE A2 Level Information and Communication Technology (507 learners);
- GCE A2 Level Computing (328 learners); and
- BTEC National Diploma for IT Practitioners (General) (248 learners).

Figure 6 Key Level 3 FE qualifications as a proportion of total Information and Communication Level 3 provision, 2006/07

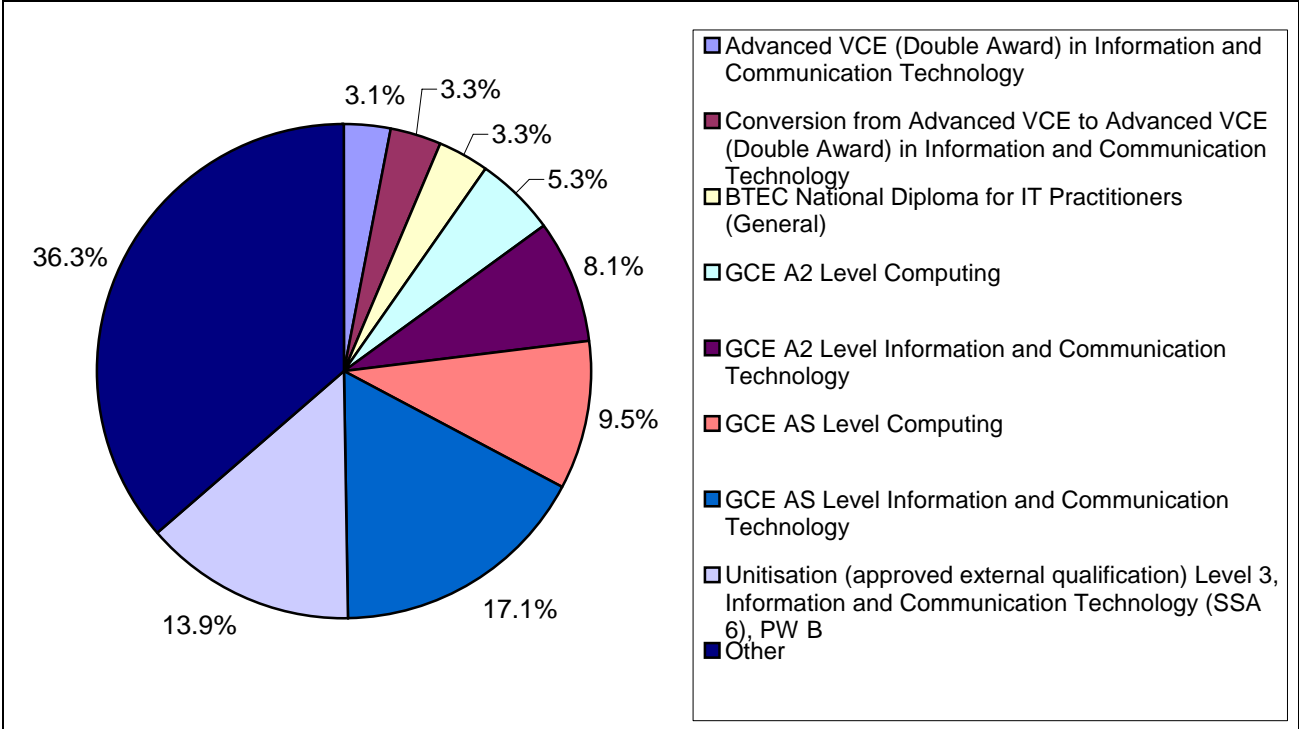

Though figures for the main 6 courses taken in Information and Communication Technology have fallen between 2005/06 and 2006/07, their relative rankings have remained the same. Courses with fewer than 200 learners were classed as other, and constituted the greatest proportion of courses taken in the Information and Communication Technology sector in both years.

The Unitisation (approved external qualification) Level 3, Information and Communication Technology (SSA 6), PW B, and the BTEC National Diploma for IT Practitioners (General) showed increases of 27 learners (12.2%) and 14 learners (1.5%) respectively. This goes against the overall trend of LSC funded Information and Communication Technology courses and qualifications between 2005/06 and 2006/07, which saw overall decreases of -5.1%.

Changes in the proportion and number of learners on the main courses are explored overleaf.

Figure 7 Key Level 3 FE qualifications as a proportion of total Information and Communication Level 3 provision, 2005/06

GCE AS Level Information and Communication Technology was the course with the highest level of provision in Greater Manchester. Detailed analysis of the data in Annex 2 shows that:

- It was delivered by 18 colleges.
- There were particular concentrations of delivery in Ashton-Under-Lyne Sixth Form College (149 learners, or 13.6%), Loreto Sixth Form College (115 learners, or 10.5%), Holy Cross College (105 learners, or 9.6%) and St. John Rigby RC Sixth Form College (85 learners, or 7.7%).
- It was almost exclusively delivered as full-time course – 99.6% of learners (1,093 people) studied this way; just 4 people undertook the course on a part-time basis.
- The number enrolling on this course fell between 2005/06 and 2006/07 by –36 learners (-3.2%).

Unitisation (approved external qualification) Level 3, Information and Communication Technology (SSA 6), PW B had the next highest level of delivery:

- It was delivered by 10 providers.
- Over half (590 learners, or 63.2%) of these learners fell into just two colleges: MANCAT (365 learners, or 39.1%) and Trafford College – an amalgamation of South and North Trafford College – with 225 learners (24.1%).
- Other large providers were Wigan and Leigh College (175 learners, or 18.8%) and City College Manchester (95 learners, or 10.2%).
- This course was delivered in a variety of different ways; the most common mode of study was part-time (717 learners, or 76.8%).
- The number of learners enrolling on this course increased between 2005/06 and 2006/07 by 14 individuals (1.5%).

GCE AS Level Computing had the third highest level of delivery. Analysis shows that:

- It was delivered by 12 colleges.

-
- There were concentrations of provision at Holy Cross College (81 learners, or 14.3%), Aquinas College (69 learners, or 12.2%), and Winstanley College (57 learners, or 10.1%).
 - Almost all (564 learners, or 99.8%) studied this course full-time; one learner studied this course part-time.
 - The number of individuals enrolling on this course fell by –66 (-10.5%) between 2005/06 and 2006/07.

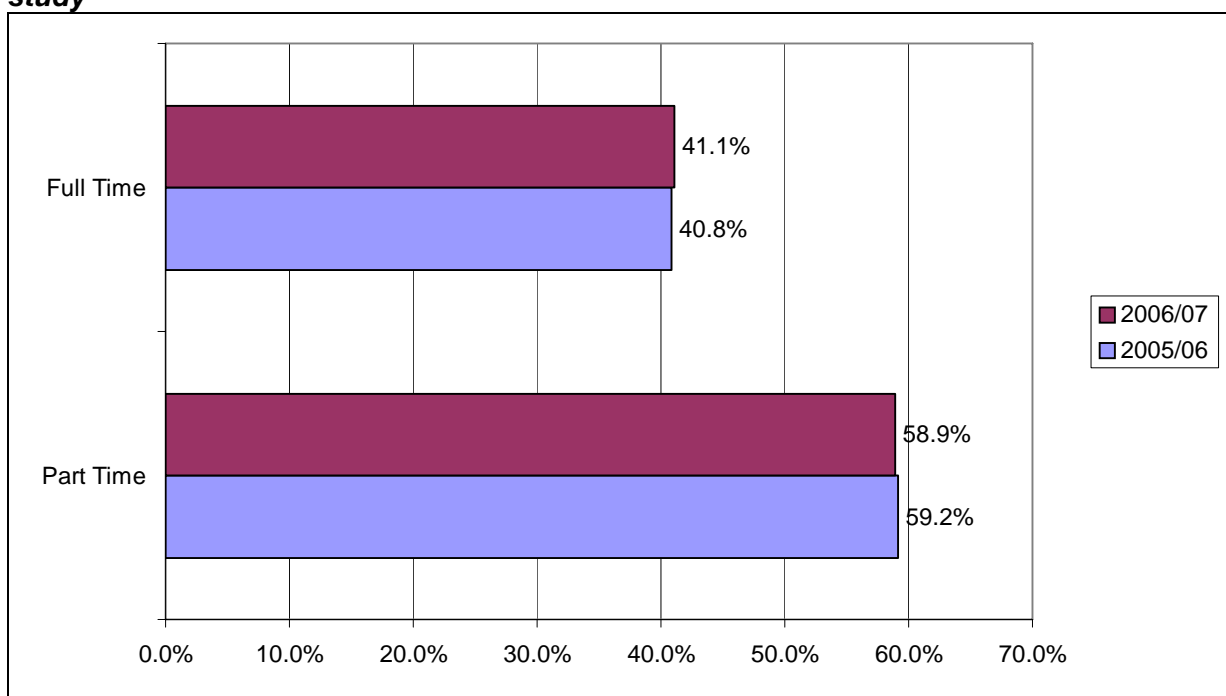

GCE A2 Level Information and Communication Technology was

- Delivered by 16 colleges.
- Provision was quite evenly spread across these institutions but there were particular concentrations at Ashton-Under-Lyne Sixth Form College (83 learners, or 16.4%), Loreto College (58 learners, or 11.4%), Winstanley College (52 learners, or 10.3%), and Bolton Sixth Form College (51 learners, or 10.1%).
- Again, almost all (504 learners, or 99.4%) studied this course full-time.
- In addition, the numbers enrolling on this course decreased between 2005/06 and 2006/07 by –31 learners (-5.8%).

2.6 Level 4+ FE Qualifications offered in Information and Communication Technology

Figure 8 provides a breakdown of the mode of study for Level 4 and above qualifications in Information and Communication Technology delivered in Greater Manchester in 2005/6. The most common mode of delivery was part-time, with 56 learners (58.9%). In comparison there were 39 full-time learners (41.1%). Whilst the numbers of both types of learners has increased (part-time by 27 learners, or 93.1%; full-time by 19 learners, or 95.0%), the proportion of part-time learners has decreased from 59.2% in 2005/06 to 58.9% in 2006/07.

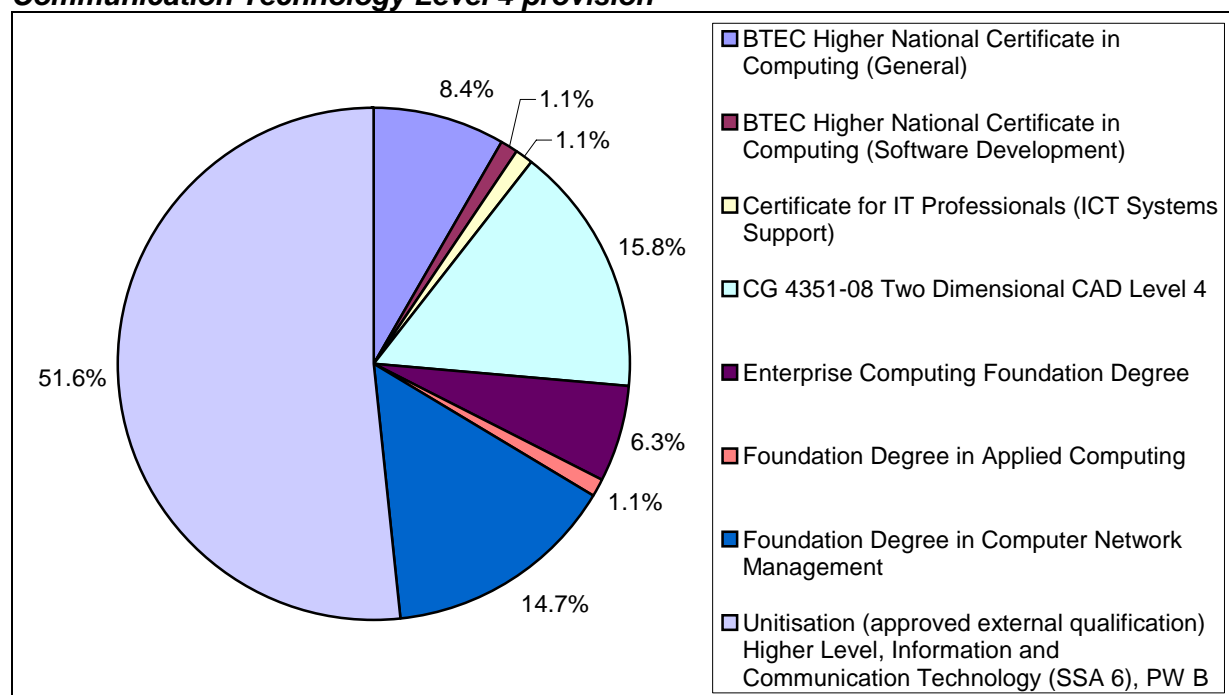

Figure 8 Level 4+ Information and Communication Technology provision by mode of study

A total of 8 different courses and qualifications were offered in Information and Communication Technology in 2006/07 at Level 4+ (see Annex 3 for a full list). Figure 9 shows the courses at Level 4 and above delivered in Greater Manchester. Those with the most provision were:

- Unitisation (approved external qualification) Higher Level, Information and Communication Technology (SSA 6), PW B (49 learners)
- City & Guilds 4351-08 Two Dimensional CAD Level 4 (15 learners)
- Foundation Degree in Computer Network Management (14 learners)
- BTEC HNC in Computing (General) (8 learners)

Figure 9 Key Level 4 qualifications as a proportion of total Information and Communication Technology Level 4 provision

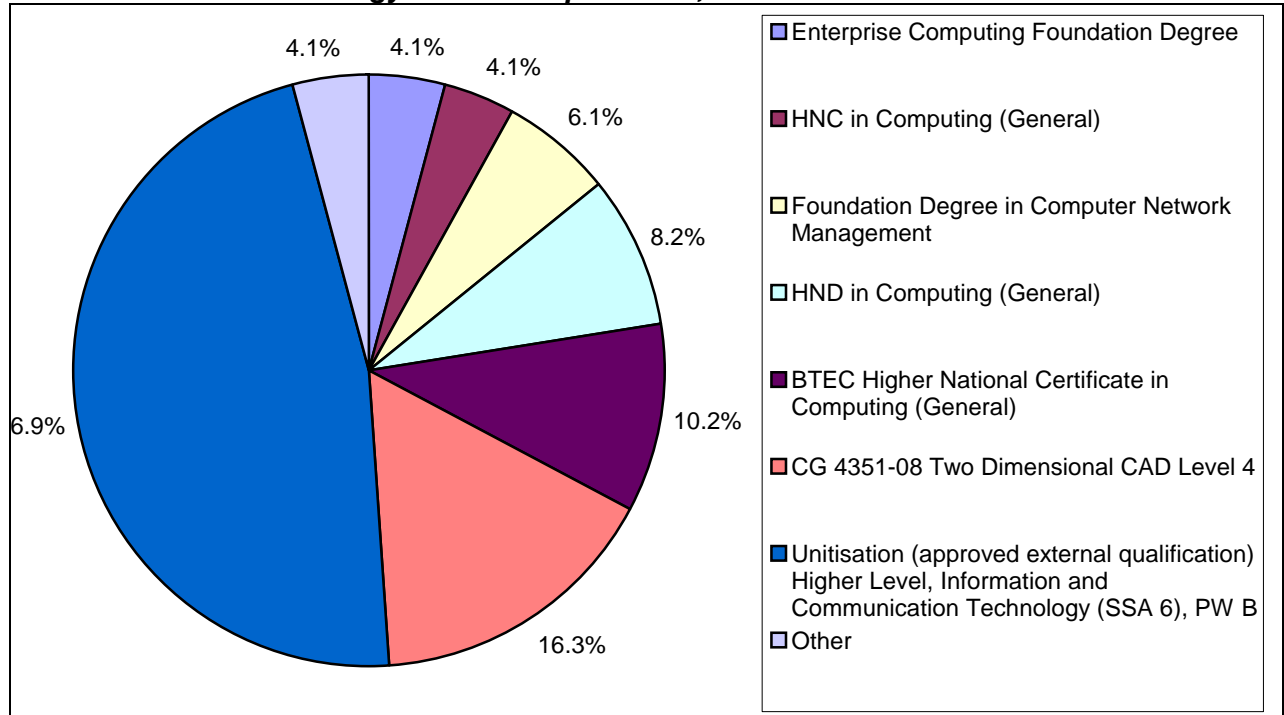

Between 2005/06 and 2006/07, the relative rankings and the changes in provision of the main level 4 and above qualifications in Information and Communication Technology differed significantly. Enrolment in the two main qualifications doubled over the period, with the Unitisation (approved external qualification) Higher Level, Information and Communication Technology (SSA 6), PW B increasing to 49 learners in 2006/07 from 23 learners in 2005/06 (+113.0%), whilst the City & Guilds 4351-08 Two Dimensional CAD Level 4 experienced an 87.5% increase in enrolments.

As can be seen in figure 10 (overleaf), the ranking of the main level 4 and above qualifications changed between 2005/06 and 2006/07. In particular, the Foundation Degree in Computer

Network Management saw a significant increase in enrolments from 3 in 2005/06 to 14 in 2006/07.

Figure 10 Key Level 4 FE qualifications as a proportion of total Information and Communication Technology Level 4 FE provision, 2005/06

Unitisation (approved external qualification) Higher Level, Information and Communication Technology (SSA 6), PW B was the qualification with most provision at Level 4 and above in Greater Manchester in 2006/07. Analysis of the data in Annex 3 shows that this course was:

- Solely delivered by MANCAT.
- Predominantly delivered part-time (34 learners, or 69.4%).
- Enrolments within this course increased by 26 learners (113.0%) between 2005/06 and 2006/07.

City & Guilds 4351-08 Two Dimensional CAD Level 4 was the next most commonly delivered course. Analysis shows that the course was:

- Delivered solely by MANCAT (15 learners)

-
- Was primarily delivered part-time (13 learners).
 - Enrolments on this course increased by 7 learners between 2005/06 and 2006/07, up from 8 learners.

2.7 Level 3 and above WBL Qualifications offered in Information and Communication Technology

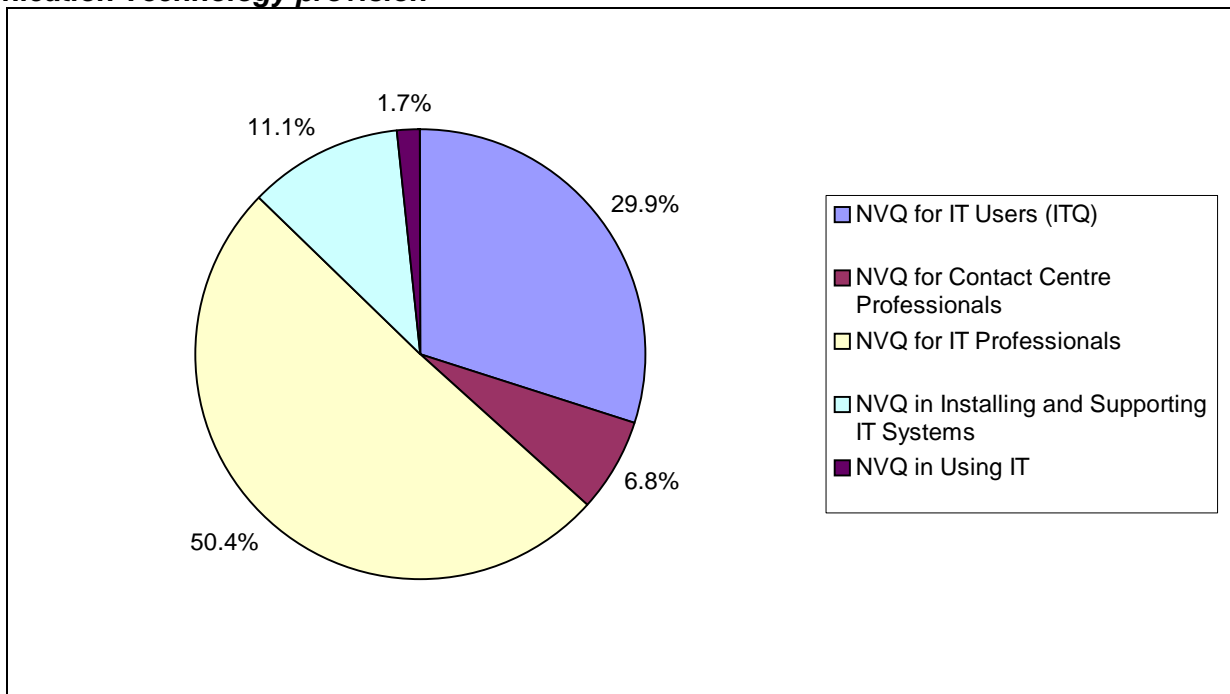

WBL data cannot be compared with previous data, as this is unavailable. In addition, this data is presented separate from FE data to enable comparison of FE statistics over time. WBL learner numbers are significantly smaller than FE learner numbers, and make up around 1.8% of all reported learner numbers. As discussed previously, all WBL courses are Level 3 NVQ's.

A total of 5 WBL courses and qualifications were offered in Information and Communication Technology in 2006/07. The courses offered ordered by learner numbers are:

- NVQ for IT Professionals (59 learners)
- NVQ for IT Users (ITQ) (35 learners)
- NVQ in Installing and Supporting IT Systems (13 learners)
- NVQ for Contact Centre Professionals (8 learners)
- NVQ in Using IT (2 learners)

Figure 9 (overleaf) highlights the WBL Level 3 qualifications taken in Information and Communication Technology in 2006/07.

Figure 11 Level 3 WBL qualifications as a proportion of total WBL Information and Communication Technology provision

NVQ for IT Professionals was the course with the most WBL provision in this sector subject area. Analysis of WBL data shows that:

- It was delivered by 5 institutions.
- The majority of provision took place at Economic Solutions Ltd (47 learners, or 79.7%).

NVQ for IT Users (ITQ) was:

- Delivered by 7 institutions.
- There was a significant concentration at Economic Solutions Ltd (22 learners, or 62.9%), with the remaining 13 learners split equally between 6 learning providers.

3 Annex 1: Background LSC FE data, 2006-2007: Information and Communication Technology

List of qualifications

Learning Aim	Course Title	Level	Number of learners
205001	Access Higher Education: Information Technology - City College, Manchester	L3	14
257835	Access to H E - Computer Science and Engineering - Manchester College of Arts and Technology	L3	20
10013829	Advanced Diploma for IT Users	L3	27
10032575	BTEC Higher National Certificate in Computing (General)	L4+	8
10032599	BTEC Higher National Certificate in Computing (Software Development)	L4+	1
10019352	BTEC National Award for IT Practitioners (General)	L3	153
1001956X	BTEC National Award for IT Practitioners (ICT Systems Support)	L3	47
10019340	BTEC National Certificate for IT Practitioners (General)	L3	211
10019558	BTEC National Certificate for IT Practitioners (ICT Systems Support)	L3	42
10019522	BTEC National Certificate for IT Practitioners (Software Development)	L3	76
10019339	BTEC National Diploma for IT Practitioners (General)	L3	248
10019546	BTEC National Diploma for IT Practitioners (ICT Systems Support)	L3	225
10019509	BTEC National Diploma for IT Practitioners (Software Development)	L3	242
1006106X	Certificate for IT Professionals	L3	29
10043123	Certificate for IT Professionals (ICT Systems Support)	L4+	1
10049496	Certificate for IT Users (CLAiT Advanced)	L3	5
10031698	Certificate in Telematics	L3	14
10051478	Certificate in Using ICT	L3	63
263074	CG 4351-08 Two Dimensional CAD Level 4	L4+	15
ZN13061C	Conversion Code: EDEXCEL BTEC National Award to Certificate, SSA 6.1, PWF C	L3	17
ZN33061C	Conversion Code: EDEXCEL BTEC National Award to Diploma, SSA 6.1, PWF C	L3	24
10061150	Diploma for IT Professionals	L3	17
268527	ECDL Advanced – Presentations	L3	20
268530	ECDL Advanced – Spreadsheets	L3	27
268529	ECDL Advanced - Word Processing	L3	42

268526	ECDL Advanced Databases	L3	19
243273	Enterprise Computing Foundation Degree	L4+	6
243610	Foundation Degree in Applied Computing	L4+	1
243501	Foundation Degree in Computer Network Management	L4+	14
10000975	GCE A Level Computing	L3	2
10044371	GCE A Level in Applied ICT (Double Award)	L3	34
10047268	GCE A Level in Applied Information and Communication Technology (Double Award)	L3	12
10045624	GCE A Level in Applied Information Communication Technology	L3	4
10045636	GCE A Level in Applied Information Communication Technology (Double Award)	L3	4
255968	GCE A2 Level Computing	L3	157
260307	GCE A2 Level Computing	L3	171
285034	GCE A2 Level in Applied ICT	L3	40
285043	GCE A2 Level in Applied ICT (Double Award)	L3	36
285012	GCE A2 Level in Applied Information and Communication Technology	L3	39
260038	GCE A2 Level in Applied Information and Communication Technology (Double Award)	L3	38
285029	GCE A2 Level in Applied Information Communication Technology	L3	110
285038	GCE A2 Level in Applied Information Communication Technology (Double Award)	L3	64
285025	GCE A2 Level in Information and Communication Technology	L3	69
260037	GCE A2 Level Information and Communication Technology	L3	507
1000080X	GCE AS Level Computing	L3	25
10001402	GCE AS Level Computing	L3	309
10005274	GCE AS Level Computing	L3	231
10044346	GCE AS Level in Applied ICT	L3	97
10044358	GCE AS Level in Applied ICT (Double Award)	L3	75
10047244	GCE AS Level in Applied Information and Communication Technology (Double Award)	L3	50
10047232	GCE AS Level in Applied Information and Communication Technology (Single Award)	L3	170
10045600	GCE AS Level in Applied Information Communication Technology	L3	175
10045612	GCE AS Level in Applied Information Communication Technology (Double Award)	L3	77
10000823	GCE AS Level Information and Communication Technology	L3	55
10001591	GCE AS Level Information and Communication Technology	L3	852
10037391	GCE AS Level Information and Communication Technology	L3	190
10062105	National Certificate in ICT	L3	49

Z9OP306B	Non-externally certificated FE other provision, Level 3, Information and Communication Technology (SSA 6), PW B	L3	18
10046458	NVQ for Contact Centre Professionals	L3	16
1004579X	NVQ for IT Professionals	L3	2
1004209X	NVQ for IT Users (ITQ)	L3	24
10042155	NVQ for IT Users (ITQ)	L3	14
10042180	NVQ for IT Users (ITQ)	L3	6
ZUNAH06B	Unitisation (approved external qualification) Higher Level, Information and Communication Technology (SSA 6), PW B	L4+	49
ZUNA306B	Unitisation (approved external qualification) Level 3, Information and Communication Technology (SSA 6), PW B	L3	933
ZUNE306B	Unitisation (external qualification not approved) Level 3, Information and Communication Technology (SSA 6), PW B	L3	1
